

Ref 3.28 - Commission detail design to plant Palms in strategic locations along Ferguson Street road verges to assist wayfinding to the mainstreet (provisional sum for consultants design & construction)

Ref 3.16 - Line mark the entry and exit points at the bottom of the wheelchair access ramps to improve access and safety for users

Ref 3.15 - Round-off the square kerb corners to reduce trip hazard and improve safety on all wheelchair access ramps

Ref 3.21 - Paint the Lions Club clock post and arm

Ref 3.20 - Install footpath extension and design bespoke seat piece to celebrate the Lions Club clock

Ref 3.09 - Install anti-pigeon roosting wire to ledges under awnings along main street where necessary

Ref 1.20 - Install electric vehicle charging points in carpark to attract visitors to the mainstreet

Ref 3.11 - Commission detail design to plant Washingtonia robusta to front lawn of the Visitor Information Centre/ Age of Fishes Museum to assist wayfinding to the mainstreet (provisional sum for consultants design & construction)

Ref 3.06 - Install footpath, kerb and gutter and drainage adjacent memorial park bus stop to join future rail pathway and adjoining path around edge of retirement village

Ref 3.10 - Commission detail design of the reconfiguration of the intersection of the RSL corner including a safe crossing point at the junction of Gaskill Street and Blatchford Street to incorporate Phoenix canariensis planting to assist wayfinding to the mainstreet (provisional sum for consultants design & construction)

Ref 3.05 - Remove edging surrounding 'historic town centre' signage on RSL corner and make good to match footpath

Ref 3.04 - Commission detail design and installation of RSL corner park: cut pavement to widen garden bed, plant trees for shade, plant shrubs to soften wall, remove existing seats and install new seats and bins to match main street precinct furniture palette (provisional sum for design & construct)

Ref 3.01 - Council to liaise with John Holland to establish feasibility of creating a 2.5m wide shared path along the disused railway line to connect Stage 1 of the Belubula River walk and shared paths within the Railway Precinct

Ref 3.02 - Commission detail design and installation of Stage 3 of Belubula River walk with a 2.5m wide shared decomposed granite path along the disused railway line and concrete path adjacent the laneway to connect with existing widened river path (to include a survey to establish land ownership boundaries and re-installment of fences and gates.) If required Council is to investigate opportunities to acquire land in this location (provisional sum for design & construct)

Ref 3.18 - Install balloon planters (incl. soil & planting) at mid-block crossing, traffic control blisters and in other key locations to improve town presentation

Ref 3.03 - Install interpretive signage along Stage 3 of the Belubula River walk at key viewpoints to enhance appreciation of the dis-used railway bridge and landscape setting

Ref 3.19 - Retrofit reservoir irrigation system to existing balloon planters along the main street

Ref 0.06 - Provide mobile facility options i.e. toilets, change rooms, viewing stands etc to support events and create flexible spaces

Ref 0.17 - Implement a development policy to encourage landowners to preserve and enhance elements contributing to the heritage streetscapes of Canowindra

Ref 0.16 - Liaise with the Office of Environment and Heritage for the establishment of a grant system for the preservation of heritage buildings throughout the town, including reinstatement of verandas (annual allocation)

Ref 0.01 - Update Cabonne Council's Management Plans and strategic policy to include outcomes from this main street precinct plan exercise

Ref 0.02 - Develop a Council policy for commercial use of public open space to manage future risk and ensure equity in consultation with land managers

Ref 3.23 - Commission lighting design for the footpath and building facades to understand lighting objectives and cost for safety, night-time attraction and town presentation (provisional sum)

Ref 3.24 - Replace existing seats with furniture listed in the material palette

Ref 3.25 - Replace existing bins with furniture listed in the material palette

Ref 3.26 - Install bicycle parking street furniture listed in the material palette

Ref 3.08 - Repaint interpretive signage frames in Dulux 'Wayward Grey' to improve town presentation

Ref 3.14 - Commission detail design to demolish existing steps and ramp, replace with BCA compliant steps and handrail maintaining the concrete finish and appearance of the steps as similar as possible to existing (provisional sum for consultants design & construction)

Ref 3.17 - Update parking signage to identify RV, trailer and long vehicle parking locations around town

Ref 3.12 - Commission detail design of the reconfiguration of the intersection at the junction of Gaskill Street and Ryall Street to incorporate Washingtonia robusta planting to assist wayfinding to the mainstreet (provisional sum for consultants design & construction)

Ref 3.07 - Council to investigate opportunities to provide public toilets working with private landholders or local businesses, at the southern end of Gaskill Street

Ref 3.22 - Retrofit steps into existing street access points to meet BCA requirements with hand rail where possible along Gaskill Street

Ref 3.13 - Commission detail design at the corner of Gaskill Street and Canowindra Highway to plant Washingtonia robusta to the north lawn and Phoenix canariensis with screening hedge to pool fence to assist wayfinding to the mainstreet (provisional sum for consultants design & construction)

Ref 3.27 - Install uplighting to palms in the main street and key entrances to assist wayfinding to the main street, night-time attraction and town presentation (provisional sum)

Ref 1.01 - Install decomposed granite carpark off Icelly Street (north side) and restrict vehicular access to River Park. If required Council is to investigate opportunities to acquire land in this location.

Ref 1.03 - Install lockable operational access gate which maintains pedestrian and bicycle access

Ref 1.02 - Widen existing shared concrete path to 2.5 metres to provide better pedestrian and bicycle linkages to the river from Gaskill Street

Ref 1.04 - Plant trees adjacent path to provide shade amenity and visual linkages from Gaskill Street (including ongoing watering and maintenance)

Ref 1.05 - Relocate the existing fish sculptures from near the river to along the path to create better visual connection to the river from Gaskill Street

Ref 1.06 - Design, manufacture and install additional sculptures to augment existing

Ref 0.20 - Install seats every 200m along shared footpaths to improve accessibility options for the aged & others (annual allocation)

Ref 1.14 - Install pole-top sensor lighting along shared concrete footpath to improve night-time passive surveillance and safety

Ref 0.07 - Review development located within the flood zone to ensure compliance with NSW Flood Prone Land Policy, Floodplain Development Manual and the BCA

Ref 1.10 - Commission design of Riverside Park (north side) utilising flood resistant furniture as described in the material palette such as: picnic tables, barbeque, firepit, platform benches, bins and seats, within decomposed granite. Install interpretive signage to provide better connection to the river. If required Council is to investigate opportunities to acquire land in this location (provisional sum for consultants design & construction)

Ref 1.17 - Install wayfinding signage at key entry points of Riverside Park carparks to allow for amenity and clear pedestrian movement

Ref 1.18 - Install bins at main pedestrian entrances of Riverside Park with dog poo bag dispensers

Ref 1.13 - Commission design of Riverside Park (south side) utilising flood resistant furniture as described in the material palette such as: picnic tables, barbeque, firepit, platform benches, bins and seats, within decomposed granite. Install interpretive signage to provide better connection to the river. If required Council is to investigate opportunities to acquire land in this location (provisional sum for consultants design & construction)

Ref 1.09 - Commission detail design of the Swinging Bridge to comply with BCA standards, remove negative signage and 'freshen' it up to improve town presentation (provisional sum for consultants design & construction)

Ref 1.12 - Install lockable operational access gate which maintains pedestrian and bicycle access

Ref 0.03 - Ensure proposals protect the cultural landscape and heritage values of the Aboriginal and non-Aboriginal community

Ref 0.04 - Protect significant trees & remnant vegetation under the LEP Biodiversity provisions for significant vegetation

Ref 0.05 - Develop a Council policy which minimises mowing in parks and open space, to reduce maintenance & maximise habitat, for example, mulching around groups of trees

Ref 0.08 - Regenerate the Belubula River through riparian planting and terrestrial tree planting and remove rubbish/debris

Ref 1.07 - Commission detail design and installation of Stage 1 of Belubula River walk (north side) with a 2.5m wide shared concrete path (to include a survey to establish land ownership boundaries and re-instatement of fences). If required Council is to investigate opportunities to acquire land in this location (provisional sum for consultants design & construction)

Ref 1.08 - Commission detail design and installation of Stage 1 of Belubula River walk (south side) with a 2.5m wide shared concrete path (to include a survey to establish land ownership boundaries and re-instatement of fences). If required Council is to investigate opportunities to acquire land in this location (provisional sum for consultants design & construction)

Ref 1.15 - Investigate grant funding opportunities to restore the Ben Hall Robinson's Hotel obelisk

Ref 1.16 - Install sculptural interpretation of the Robinson's Hotel obelisk to enhance cultural landscape and heritage values along shared paths interpreting historical information

Ref 0.18 - Continue to support community group initiatives which support the town and broader community (annual allocation)

Ref 1.11 - Install a 2.5m wide shared concrete path from Cowra Street to the Swinging Bridge to provide better pedestrian and bicycle linkages from the south side

Ref 0.11 - Commission a town-wide Wayfinding and Interpretive Signage and Sculpture package to optimise active travel and tourism opportunities

Ref 0.14 - Rationalise and remove redundant signage throughout the town

Ref 0.10 - Review the Pedestrian Access and Mobility Plan (PAMP) and priorities works that tie into the main street precinct plan proposals

Ref 0.09 - Provide accessible paths at compliant grades

Ref 0.19 - Review Council's tree pit planting details in streets, carparks and in natural ground to ensure optimal growing environment

Ref 0.21 - Commission a Street Tree Masterplan to improve town presentation and provide shade

Ref 0.22 - Install street trees (including ongoing watering and maintenance) in accordance with the Street Tree Masterplans

Ref 1.19 - Commission investigation and detail design of pull-in parking areas adjacent to the Canowindra Road (east & west) to TNSW standards to allow better access to the river walk and encourage people to visit the main street through wayfinding signage (provisional sum for design & construction budget)

Ref 0.15 - Tidy up litter and rubbish throughout the town

Ref 0.13 - Remove dead & under performing trees

Ref 0.12 - Remove weeds along the Belubula River and public open space with an ongoing eradication plan
