## **ITEM 5 - COMMITTEE OF THE WHOLE**

### **REPORT IN BRIEF**

<b>Reason For Report</b>	Enabling reports to be considered in Committee of the Whole to be called.
<b>Policy Implications</b>	Nil
<b>Budget Implications</b>	Nil
<b>IPR Linkage</b>	1.2.2.1a - Facilitate Council and standing committee meeting processes.
<b>Annexures</b>	Nil
<b>File Number</b>	\\OFFICIAL RECORDS LIBRARY\\GOVERNANCE\\COUNCIL MEETINGS\\GROUPING OF REPORT ADOPTION and BUSINESS PAPER ITEMS FOR NOTING REPORTS - 1853144

### **RECOMMENDATION**

THAT councillors call any items that they wish to be debated in Committee of the Whole.

## **GENERAL MANAGER'S REPORT**

Council's Code of Meeting Practice allows for the council to resolve itself into "committee of the whole" to avoid the necessity of limiting the number and duration of speeches as required by Clause 232 of the Local Government (General) Regulation 2021.

This item enables councillors to call any item they wish to be debated in "committee of the whole" at the conclusion of normal business.

The debate process during a 'normal' council meeting limits the number and duration of speeches as required by Clause 232 of the Local Government (General) Regulation 2021.

Items should only be called at this time if it is expected that discussion beyond the normal debate process is likely to be needed.

## **ITEM 6 - CONFIRMATION OF THE MINUTES**

### **REPORT IN BRIEF**

**ITEM 7 - FAIRBRIDGE CHILDREN'S PARK SCHOOL BELL**

**REPORT IN BRIEF**

<b>Reason For Report</b>	To ensure transparent decision making and consultation on the future display of the Fairbridge school bell.
<b>Policy Implications</b>	Nil
<b>Budget Implications</b>	Nil
<b>IPR Linkage</b>	4.1.3.2b - Support local events, culture, and festivals and promote local villages - including through the provision of sponsorship opportunities and seeking grant funding.

<b>Annexures</b>	Nil
<b>File Number</b>	\\OFFICIAL RECORDS LIBRARY\\PARKS AND RESERVES\\MAINTENANCE\\MOLONG FAIRBRIDGE FARM PARK - 1847000

### **RECOMMENDATION**

THAT council authorise engagement with key stakeholders to determine the permanent location of the Fairbridge School Bell.

### **GENERAL MANAGER'S REPORT**

Council received a confidential report at the March 2025 meeting regarding the history of the Fairbridge School Bell and its significance to the Old Fairbridgian Association as a display at the Fairbridge Memorial Children's Park. Council will recall there was a dispute over the display of the bell and rightful owner which resulted in a formal report to the NSW Police and eventual hand-back of the bell to council.

The bell (depicted below in Figure 1) which is essentially a length of disused rail line, was originally dislodged from its mountings by the flood event in November 2022. It is important to note that whilst council has taken as much care as possible to secure the bell back in situ, the Fairbridge Park remains at risk of any future flood events. Additionally, due to its remote and relatively unsupervised location, like many of council's parks and recreational areas, the bell also remains at a degree of risk of vandalism and/or theft.

Figure 1

The financial value of the bell is not deemed to be of significance in commercial terms however the bell is of significant emotional and heritage value particularly to the members of the Old Fairbridgians Association and wider community. It has been expressed by senior members of the association that it is very important for the bell to remain on site at the park. There is a replica of the bell currently possessed by the Molong Historical Society, it is feasible that this replica could be placed at the park with the actual bell secured at the museum. It is one outcome that Council may consider after consulting with key stakeholders. Council needs to weigh the risks posed to the security of this unique artefact with the views of key stakeholders. It is proposed to seek views

of those likely to be key stakeholders as to the security of the bell before determining its permanent location.

It is recommended that council undertake a formal process of consulting with key stakeholders including the Old Fairbridgian Association and the Molong Museum (noting the item's heritage significance) and consider other interested parties by seeking public submissions as to the appropriate location of the bell.

The bell remains in situ at the Fairbridge Memorial Park where it is secured as far as is reasonably practicable until this determination.

## **ITEM 8 - STRATEGIC POLICY REGISTER REVIEW**

### **REPORT IN BRIEF**

<b>Reason For Report</b>	For council to consider strategic policies previously adopted and consider any proposed amendments
<b>Policy Implications</b>	Policy Register will be updated to reflect resolution of Council
<b>Budget Implications</b>	Nil

### **ITEM 9 - MAKING OF RATES AND CHARGES FOR 2025-2026 & RATE OF INTEREST ON OVERDUE RATES AND CHARGES FOR 2025-2026**

#### **REPORT IN BRIEF**

<b>Reason For Report</b>	To formally make the Rates and Charges for 2025-2026. To formally adopt the rate of interest to charge on overdue rates & charges for the 2025-2026 year.
<b>Policy Implications</b>	Nil
<b>Budget Implications</b>	This report once adopted will make the rates and charges for 2025-2026 and set the rate of interest to charge on overdue rates & charges for the 2025-2026 year
<b>IPR Linkage</b>	1.1.3.4a - Provide a fit for purpose rates and water billing system that is relevant.
<b>Annexures</b>	1. Rating Information 2025-26 <a href="#">↓</a>

	2. Statement of Revenue 2025-2026 <a href="#">↓</a> 3. FINAL-Fees-and-Charges-2025-2026 <a href="#">↓</a>
<b>File Number</b>	\\OFFICIAL RECORDS LIBRARY\FINANCIAL MANAGEMENT\FEES AND CHARGES\ANNUAL FEES and CHARGES - 1853052

### **RECOMMENDATION**

THAT council:

1. Make the Rates for 2025-2026 included in the table listed in the report in accordance with section 534 and 535 of the Local Government Act 1993:
2. Adopt the charges for water, sewer, domestic waste management and the stormwater levy in accordance with s496,496A, 501, 551 and 552 of the Local Government Act 1993 as per pages 5-11 of Council's Fees and Charges for 2025-2026.
3. Adopt in accordance with Section 566(3) of the Local Government Act 1993, it has been determined that the maximum rate of interest payable on overdue rates and charges for the period 1 July 2025 to 30 June 2026 will be 10.5% per annum.

### **DEPARTMENT LEADER - FINANCE'S REPORT**

After resolving to adopt the Operational Plan for 2025-2026, the council is now required to resolve to make the Rates and Annual Charges for the 2025-2026 financial year. The NSW Government's IPART sets the percentage increase for all councils each year. Council's Rates and Annual charges have been increased by the allowable rate peg 4.4%.

Rating Category	Rate in \$ - As advertised	Minimum Rate
Farmland	0.001928500	\$551.80
Residential	0.001960900	\$551.80
Residential – Canowindra Town	0.005602500	\$707.15
Mining	0.052923440	\$551.80
Business	0.001960900	\$551.80
Business – Canowindra Town	0.005602500	\$707.15

The definitions relating to the various rating categories are explained in the Statement of Revenues, attached to this report.

Pages 5 - 11 of the Council's Fees & Charges 2025/26 details the rates and charges applying to water, sewer, domestic waste and the stormwater levy.

Formal notification of the maximum interest rate allowable for overdue rates and charges was received from the Office of Local Government. The maximum interest rate allowable is 10.5% per annum.

The office of Local Government has also determined that under Section 603 of the Act, the charge to issue a 603 certification for the 2025/2026 year is \$100. This is the same amount as that charged in the 2024/2025 financial year.

**ITEM 10 - CONFIRMATION OF THE CABONNE LOCAL TRAFFIC COMMITTEE MEETING MINUTES**

**REPORT IN BRIEF**

<b>Reason For Report</b>	Adoption of the Cabonne Local Traffic Committee meeting minutes
<b>Policy Implications</b>	Nil
<b>Budget Implications</b>	Nil
<b>IPR Linkage</b>	2.2.1.4b - Facilitate the Local Traffic Committee.
<b>Annexures</b>	1. Cabonne Council Local Traffic Committee 2025-05-29 Minutes <a href="#">↓</a>
<b>File Number</b>	\\OFFICIAL RECORDS LIBRARY\\TRAFFIC AND TRANSPORT\\MEETINGS\\LOCAL TRAFFIC COMMITTEE - 1850748

**RECOMMENDATION**

THAT council accept the minutes from the Local Traffic Committee held on 29 May 2025 and;

1. Approval for the Goodness Gravel Parkes Cycling event on Saturday 01 November 2025 be held along various roads within the Cabonne shire be endorsed subject to an updated insurance documentation being provided prior to the event.
2. The committee note the information regarding the Back to Buckinbah event to be held on 05 July 2025.
3. The committee table the request regarding the relocation of the NSW TrainLink coach stop (Stop ID 28641) next to Cudal Pre-school to the new location in front of 11 Main Street, Cudal, so that further enquiries can take place.
4. The committee endorses the installation of parallel parking signage for vehicles 6m and under on Kiewa Street, Manildra, at the following locations:
  - a. Corner of Kiewa and Derowie streets and

- b. At a distance of 45m east of Derowie Street.
5. Council staff scope the blocks either side of the location above and apply a consistent parking approach to these blocks.
6. Council staff investigate suitable locations within Manildra for a truck parking area and provide the committee with a report at a future meeting.

### **DEPARTMENT LEADER - TRANSPORT INFRASTRUCTURE REPORT**

A meeting of the Cabonne Local Traffic Committee Meeting was held on 29 May 2025.

At the meeting the following items were considered with recommendations to council for consideration.

#### **Goodness Gravel November 2025 Parkes Cycling Event**

Following a report presented to the committee in February 2025, a request to approve a cycle ride along various roads within the Cabonne and Parkes council areas and within the NSW Forestry Corporation Forest areas, was table pending further information from the event organisers.

Advice received back from the organisers is that NSW Police have provided approval on the condition that additional signage along the route is installed.

It was noted by the committee that the insurance documentation provided by the event organiser is set to expire on 31 October 2025. The organiser has been requested to provide updated documentation prior to the event.

#### **Back to Buckinbah Event**

The committee received a report noting that council has provided consent for the Back to Buckinbah community event to be held in Yeoval on 05 July 2025 – ancillary to a rugby union game to be held at the sporting field. A one-year Development Application was determined by council on 1 May 2025.

The event is open to the public between the hours of 9am until 4pm. Event activities include approximately 60 market stalls that will display and sell food, homemade items, artisan and unique wares. There will be Indigenous displays, performances and activities, as well as vintage cars, bikes and machinery displays.

It is estimated that 250 people will be in attendance, with a camp oven cooking competition taking place.

No road closures are proposed. Public parking is available surrounding the Yeoval Recreation Ground along Lucknow, Bathurst and Forbes streets during the event. Adverse impacts to traffic are not anticipated, however it could increase traffic conditions on those streets and neighbouring side streets.

### **Update Bus Stops**

Following a report presented to the committee in September 2024 regarding an issue with accessibility and safety for coaches to adequately park at the existing Cudal coach stop in Main Street, Cudal, (Stop ID 28641) was raised by NSW TrainLink to Transport for NSW. The recommendation at the September 2024 meeting was to investigate the relocation of the bus zone.

Council submitted an application to relocate both Cudal coach stops (Stop ID 28641 and Stop ID 28642) to the locations in front of 11 Main Street, Cudal, and 8 Main Street, Cudal, under the Country Passenger Infrastructure Grant Scheme 2024/25. Council received notification that they were successful in receiving funding to relocate Stop ID 28641 to the location in front of 11 Main Street, Cudal. Upon receiving this notification council reached out to NSW TrainLink who advised that this issue was no longer a problem as the times that coaches travel through the locations do not pose any risk/concerns any longer nor do they clash with the pre-school.

The committee requested that this report be tabled to allow for further enquiries to be undertaken.

### **Update Parking Signs on Kiewa Street, Manildra**

Council received a request to restrict truck parking outside of the Royal Hotel in Kiewa Street, Manildra. Trucks are parking at this location at night resulting in noise from the air conditioning units causing disturbance to the residents of the hotel. The trucks are also restricting the parking for patrons of the hotel.

The committee noted that there is currently no place for trucks to park in Manildra. It was also noted that the area mentioned in the report is a built-up area so legally the trucks should only be parked there for 1 hour.

### **General Business**

- Speed Zone Review Updates – TfNSW provided an update on the speed zone reviews.

<b>Stage</b>	<b>Location</b>	<b>Update</b>
Suggestion	Old Canobolas Road	Please enter into Safer Roads portal. Triage completed on 10 January

Suggestion	Nashdale Lane, Nashdale	To be triaged in the next couple of weeks
Review	Yuranigh Road, Molong	Review in progress. Traffic counts from the review two years ago will be used unless there is more recent data
Review	Banjo Paterson Way, Molong (from start of 100km/h zone to past Bloomfield Road)	Review in progress
Review	Long Point Road, Mullion Creek (from start of 100km/h zone out 1km)	Review in progress
Review	Molong Street, Cargo (length of 80km/h zone)	Review in progress
Review	Rodd Street/Belubula Way	Review in approvals
Review	Ophir Road, Clifton Grove (from start of 100km/h zone to end)	Review in approvals
Review	Lake Canobolas Road, Orange (from Cargo Road to start of 100km/h)	Review completed and now live (21 February)
Review	Favell Road, Lucknow (entire sealed length)	Review completed and now live (18 March)
Review	Spring Hill Road, Spring Hill	Review completed and now live (31 March)
Review	1341 Escort Way to the rail crossing, Borenore	Review completed and now live (12 May)

- It was noted that council staff would enter the review request for Old Canobolas Road into the Safer Roads Portal.
- It was noted that there was a review which had been left out of the above update – The Escort Way, Cudal, (from 50km/h zone to Cudal Cemetery Road).
- It was discussed by the committee that there needs to be more education of the public as to what criteria TfNSW apply when undertaking a speed zone review.
- It was noted that correspondence to TfNSW from the Minister's Office via MP Donato sought a review of the overtaking opportunities along Cargo Road. Discussions within the committee noted that there is

currently no funding to investigate the request nor any funding for additional works. A Road Safety Audit was suggested but it was noted that it is not currently within council's priorities and has not been budgeted.

- It was noted by the committee that council has received a request about the speed of vehicles travelling around Adam's Corner in Molong – especially B-Doubles. It had been observed that these vehicles were travelling too fast. The committee has suggested that traffic counters be installed, and data reported back to the committee at a future meeting.
- The committee received an update regarding the request for 'Horse' signage in Mullion Creek. Signage has been requested for Belgravia Road and Burrendong Way.
- It was noted by the committee that council had received correspondence from the Cumnock and District Progress Association regarding a sharp corner of Baldry Road near the top end of "Stone Henge" gravel pit. The committee were advised that an inspection of the site has yet to be undertaken. The committee has suggested that traffic counts be undertaken at this location and data reported back to the committee at a future meeting.

**ITEM 11 - PROPOSED ROAD CLOSURE - DEDERANG ST, DEROWIE ST AND CARLISLE ST, MANILDRA**

**REPORT IN BRIEF**

<b>Reason For Report</b>	For council approval to initiate the process to close a road reserve.
<b>Policy Implications</b>	Nil
<b>Budget Implications</b>	Nil
<b>IPR Linkage</b>	2.2.1.1a - Undertake road maintenance and routine activities.
<b>Annexures</b>	Nil
<b>File Number</b>	\\OFFICIAL RECORDS LIBRARY\ROADS and BRIDGES\ROAD CLOSURES\PERMANENT - 1851744

**RECOMMENDATION**

THAT council:

1. Approve the public exhibition of the proposal for purchase of the following portions of road reserves:
  - a. Dederang Street, Manildra, from the eastern end to Boree Street,
  - b. Derowie Street, Manildra, between Carlisle Street and Dederang Street, and

- c. Carlisle Street, Manildra, from Mandagery Creek to Boree Street.
2. Receive a report following the public exhibition to determine the proposed purchase of the reserves.

## **DEPARTMENT LEADER - TRANSPORT INFRASTRUCTURE REPORT**

Council has received updated advice from MSM Milling Pty Ltd (MSM) and the Manildra Group (MG) in Manildra regarding their proposal to undertake upgrade to their current operations in Dederang/Carlisle streets in Manildra. As part of this upgrade, they have indicated that the closures of Dederang Street, from the eastern end to Boree Street; Derowie Street, between Carlisle and Dederang Streets; and Carlisle Street from Mandagery Creek to Boree Street would be required. The map below shows the extent of the closures.

Currently, these streets (including culverts) are council assets and maintained by council. It is also noted that some other service providers have assets in these areas as well. Other service providers will be able to comment during the exhibition time, with the applicant then to negotiate agreements with those authorities for access.

While the applicants currently own several properties impacted by the closures, they have indicated that they would provide easements for access to "land locked" properties created by these closures.

Some other factors identified by the applicant are:

1. MSM and Manildra Group (MG) are the only regular users of the roads

2. Purchase enables MSM and MG to maintain the road to internal standards which is better suited to ongoing heavy vehicle access (ie, gravel versus bitumen).
3. Removes council maintenance obligations
4. Provides for improved security for the operations of MSM and MG.
5. Provides improved safety for users by enabling MSM and MG to establish safer, reduced speed limits among other things.
6. To simplify traffic and equipment movements of MSM and MG

For council to dispose of these road reserves would in fact reduce the maintenance burden of council with maintaining the roads as they are heavily trafficked by trucks accessing the milling operations and storage facilities.

It should be noted that conditions for the development of MG and MSM facilities upon land in their ownership currently requires road upgrades to Boree Street between Dederang and Carlisle Streets.

## **ITEM 12 - ACTIVATE CARGO PROJECT BUDGET OVERSPEND**

### **REPORT IN BRIEF**

<b>Reason For Report</b>	To report on the overspend of the project and request endorsement from council to take the additional funds from reserves.
<b>Policy Implications</b>	Nil
<b>Budget Implications</b>	Yes, Urban Improvement and Renewals Reserve. The remaining balance after the allocation will be \$933,674.82.
<b>IPR Linkage</b>	2.1.1.2a - Maintain sporting facilities in accordance with agreed levels of service.
<b>Annexures</b>	Nil
<b>File Number</b>	\\OFFICIAL RECORDS LIBRARY\GRANTS AND SUBSIDIES\PROGRAMS\STRONGER COUNTRY COMMUNITIES FUND - ROUND 5 - 1852155

### **RECOMMENDATION**

THAT council endorses the allocation of additional funds of \$15,105.01 from the Urban Improvement and Renewals Reserve for the overspend on the Activate Cargo Project.

## **DEPARTMENT LEADER - URBAN INFRASTRUCTURE'S REPORT**

### **Background**

The Activate Cargo Project was awarded funding under the Stronger Country Communities Fund – Round 5, with a total project budget of \$282,959.

Construction of the new tennis courts commenced in July 2024, with L-Don Sporting Areas Pty Ltd appointed as the successful tenderer. Shortly after construction began, the contractor identified unexpected subsoil moisture and drainage issues, which required immediate geotechnical investigation. As a result, construction was temporarily halted, and additional geotechnical testing and engineering solutions were undertaken.

### **Financial Impact**

The unforeseen drainage and earthworks requirements resulted in an additional cost of \$73,467.27. The civil work had to be undertaken to enable the completion of the project.

This represents a shortfall of \$15,105.01 beyond the original project budget.

Original project costs	\$224,596.74
Additional civil work	\$73,467.27
<b>Total</b>	<b>\$298,064.01</b>
Shortfall	\$15,105.01

### **Recommendation**

That council endorses the allocation of \$15,105.01 from the Urban Improvements and Renewals Reserve to cover the additional costs associated with the Activate Cargo Project.

Notes that this funding has enabled the completion of the project and delivery of upgraded tennis court for the Cargo community.

## **ITEM 13 - APPLICATION FOR FEE WAIVER - MO LONG PLAYERS**

### **REPORT IN BRIEF**

<b>Reason For Report</b>	The Molong Players have submitted an application to have the Community Centre hire fees waived for the 2024 season
<b>Policy Implications</b>	Nil
<b>Budget Implications</b>	Nil
<b>IPR Linkage</b>	2.1.1.5a - Carry out inspections and maintenance in accordance with agreed levels of service.
<b>Annexures</b>	1. Council request discount 2024 <a href="#">↓</a>
<b>File Number</b>	\\OFFICIAL RECORDS LIBRARY\COUNCIL PROPERTIES\USAGE\COMMUNITY HALLS - 1853496

### **RECOMMENDATION**

THAT:

1. Council endorses a full-fee waiver for the hire of the Cabonne Community Centre for the 2024 season by the Molong Players, and
2. The full fee waiver is communicated to the Molong Players and that from the 2025 season onwards the standard 50% discounted rate should apply.

## **DEPARTMENT LEADER - URBAN INFRASTRUCTURE'S REPORT**

### **Molong Players – Request for Full Fee Waiver (2024 Season)**

The Molong Players have requested a full waiver of fees for use of the Cabonne Community Centre during the 2024 season. As a not-for-profit community group, they are eligible for a 50% fee waiver under the current fees and charges schedule.

The original agreed-upon costs are as follows:

<b>Item</b>	<b>Quantity</b>	<b>Rate</b>	<b>Total</b>
Saturday Night Hire (Nov)	4	\$650	\$2,600
Kitchen Hire	4	\$110	\$440
Cleaning	4	\$75	\$300
Rehearsals	15	\$90	\$1,350
Bond	—	—	\$1,500
<b>Total</b>			<b>\$6,190</b>
<b>Less 50% Waiver &amp; Bond Refund</b>			<b>-\$3,845</b>
<b>Fees Payable</b>			<b>\$2,345</b>

Due to technical issues with the venue's sound system, the Players independently hired a sound system and operator for their performances at a cost of approximately \$3000.

The Molong Players also contribute to the community in two major ways:

- Local groups that cater on performance nights receive 50% of ticket sales, and
- additional community groups may apply for a share of the season's proceeds.

### **Recommendation:**

That council approve a 100% fee waiver for the Molong Players use of the Cabonne Community Centre for the 2024 season in recognition of their community contributions and unforeseen technical issues. However, from 2025 onward, the standard 50% discounted rate should apply.

**ITEM 14 - APPLICATION FOR A FULL FEE WAIVER FROM THE MOLONG WOMENS WELLBEING AND WELLNESS WEEKEND**

**REPORT IN BRIEF**

<b>Reason For Report</b>	The Molong Women's Wellbeing and Wellness weekend have submitted an application to have the Community Centre hire fees waived for there event in 19,20 & 21 September 2025

<b>File Number</b>	\\OFFICIAL RECORDS LIBRARY\\COMMUNITY RELATIONS\\SPONSORSHIP - DONATIONS\\SPONSORSHIP - DONATIONS - 2025 - 1853584

**RECOMMENDATION**

THAT council endorses a full-fee waiver of \$930 for the hire of the Cabonne Community Centre for the Molong Women's Wellbeing and Wellness weekend community event to be held in September 2025.

**DEPARTMENT LEADER - URBAN INFRASTRUCTURE'S REPORT**

**Molong Women's Wellbeing and Wellness weekend – Request for Full Fee Waiver**

A local group of four women in Molong share a passion for the wellbeing and wellness of women; all are yoga teachers or practitioners and have chosen to share their skills with the Cabonne women. The group volunteer their time and organisational skills to put together a full weekend of different wellness and wellbeing activities that the women in our community can access.

The first of these gatherings, 15 women attended and at the second, up to 25 (which was supported by Cabonne Council). They have been using the UPA Hall and a private home as their venue but have outgrown both. The expressions of interest they have for the September event indicate somewhere between 35 and 50 participants.

The group are seeking council support for this event, by way of a full fee waiver to allow the weekend to be affordable for women in the community and this would be gratefully appreciated.

The event's growth demonstrates the need for wellness and wellbeing in the Cabonne Community.

The venue could be hired out separately of an evening, if required.

The original agreed-upon costs are as follows:

Item	Quantity	Rate	Total
Venue hire	3	\$200	\$600
Kitchen Hire	3	\$110	\$330
<b>Total</b>			<b>\$930</b>

**ITEM 15 - MODIFICATION TO DA 2023/0077/1, EUGOWRA SOLAR FARM, LOT 85 DP870963, 255 CASUARINA DRIVE, EUGOWRA.**

In accordance with s375A of the Local Government Act 1993, a division is required to be called when a motion for a planning decision is put at a meeting of council or a council committee. A division under s375A of the Act is required when determining this planning application.

**Political Disclosures**

In accordance with s10.4 of the Environmental Planning and Assessment Act 1979, a person making a planning application to council is required to disclose

political donations and gifts made within 2 years prior to the submission of the application and concluding when the application is determined.

In accordance with s10.4 of the Environmental Planning and Assessment Act 1979, a person making a public submission to council in relation to a planning application made to council is required to disclose political donations and gifts made within 2 years prior to the submission being made and concluding when the application is determined.

Political donations and gifts (if any) to be disclosed include:

- All reportable political donations made to any local councillor or Council,
- All gifts made to any local councillor or employee of the Council.

Nil planning application disclosures have been received.

Nil public submission disclosures have been received.

## **SUMMARY**

Council's consent is sought for the approval of a modification to Development Application 2023/0077 for Eugowra Solar Farm on Lot 85 DP 870963 – 255 Casuarina Drive. The initial Development Approval was granted by council at the 28 March 2023 Ordinary Council Meeting. The project did not proceed as initially approved; further investigations were undertaken by the proponent. As a result of these further investigations, the layout of the solar farm has been slightly altered.

The modification application has been submitted to council to consider under Part 4.55 of the *Environmental Planning and Assessment Act 1979* (EP&A Act). The modification involves the following changes to the initially approved Development Approval endorsed plans,

- moving the solar farm approximately 100m south of the footprint of the approved solar farm location. This takes the solar farm further upslope of the original site.
- Construction of a new internal road. The original approval involved the use of the existing road to the sewerage pond.

The application has been referred to council for determination as it is an application on council owned land and made on behalf of council. Also, Council initially determined the original application. The application is *local development*, permissible under the State Environmental Planning Policy (Transport and Infrastructure) 2021 [Infrastructure SEPP].

The application was notified from Monday 28 April to Monday 26 May 2025. Two (2) submissions were received. It is recommended that the modified development application 2023/0077/1 be approved subject to conditions.

Applicant: Cabonne Council C/o SMK Consultants

Owner:	Cabonne Council
Proposal:	Solar Farm 4MW
Location:	Lot 85 DP 870963 - 255 Casuarina Drive, Eugowra
Zone:	SP2 Infrastructure

## **THE PROPOSAL**

Council's consent is sought for the approval to changes being proposed by the proponent for Eugowra Solar Farm on Lot 85 DP 870963 – 255 Casuarina Drive. The initial Development Approval was granted by council during the 28 March 2023 Ordinary Council Meeting. Below is a brief description of the approved development and the proposed changes:

The development encompasses the construction and operation of a solar farm with a maximum transfer capacity of 4MW AC. The endorsed plan of works for the solar farm is presented in figure 1 below, shows the whole 4 MW solar farm on Lot 85 DP870963. This Lot is occupied by the Eugowra Sewage Treatment Ponds and a paddock that is used for cultivation and grazing

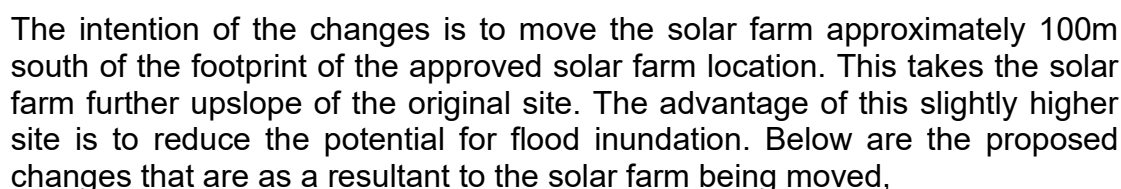

**Figure 1 General Arrangement** (Source: SEE, SMK Consultants, 2022)

## **Revised layout**

Figure 2 below shows the whole footprint of the solar farm being moved approximately 100m south of the footprint of the approved solar farm. The plan shows stage 1 of the development which involves construction of approximately half of the solar panels. The resulting power output from Stage 1 is 2.18 MW DC. Stage 2 will be developed at a later stage once Stage 1 is completed and delivering electricity to the grid

**Figure 2: Revised layout**

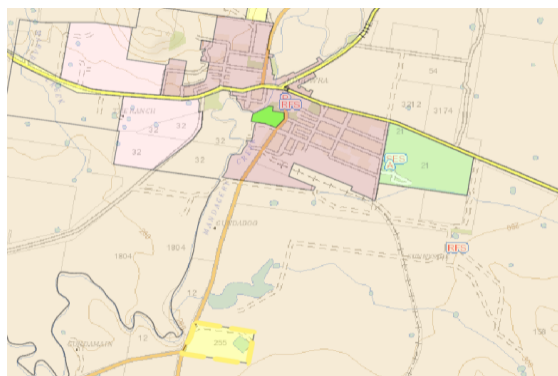

Stage 1, the panels will consist of two separate arrays that will be separated by an access road. The electrical converter units will be established in the access road. Each array will consist of 12 sub-arrays laid out in six (6) rows of panels in each sub-array. Each row will include 30-separate solar panels. The height of the solar panels will be the same as the approved structure. The same construction method will be used, and the same materials will be installed.

A new internal road will be constructed. The original concept involved use of the existing road to the sewage ponds. The new road will consist of a gravel paved road. It will be used for construction purposes and therefore it will be constructed to a minimum standard consisting of 150mm gravel pavement. The primary purpose of the road is to provide light vehicle access during construction and maintenance operations.

The approved development included a surrounding security fence. This will also be included around the new footprint of the solar farm for the purpose of providing site security and controlling who can enter the solar farm area.

The construction of the solar farm is yet to commence. It is estimated that construction will take up to 10 weeks. The construction methods and systems will remain the same as initially approved.

**THIS IS PAGE NO 26 OF THE GENERAL MANAGER'S REPORT ON MATTERS FOR DETERMINATION TO THE ORDINARY MEETING OF CABONNE COUNCIL TO BE HELD ON 24 JUNE, 2025**

**Figure 3 site map**

The subject site has a regular rectangular shape with an area of approximately 18 hectares and a single road frontage to Casuarina Drive on the western boundary of the lot. The solar farm is to be located on a northwest sloping paddock. The topography is almost flat with slopes of between 1.7% to 2.5% falling to the northwest. The steepest sloping ground is on the eastern section of the lot. The land is largely cleared except for a few trees in the north western corner of the site near the entrance.

Access is via the existing gates in the northwestern portion of the site. The access is proposed to be upgraded as part of the future operations of the solar farm as well as to accommodate construction traffic.

The site currently accommodates the Eugowra sewerage treatment ponds which will remain undisturbed by the proposal. The site is unconstrained by biodiversity and bush fire and is free of any riparian zone.

Site conditions, coupled with the high daily solar exposure and proximity to the Essential Energy 11kV network, contribute to the suitability of the site for the development.

### **AERIAL IMAGE**

## **MATTERS FOR CONSIDERATION**

### **Section 1.7 - Application of Part 7 of the *Biodiversity Conservation Act 2016* and Part 7A of the *Fisheries Management Act 1994***

Section 1.7 of the EP&A Act identifies that Part 7 of the *Biodiversity Conservation Act 2016* (BC Act) and Part 7A of the *Fisheries Management Act 1994* have effect in connection with terrestrial and aquatic environments.

With the site being 145m east of Mandagery Creek and 270m south of Leaders Lagoon, the proposal does not involve an aquatic environment. As such, only the Biodiversity Conservation Act, 2016 requires consideration.

There are four triggers known to insert a development into the Biodiversity Offset Scheme (i.e. the need for a Biodiversity Development Assessment Report (BDAR) to be submitted with a DA):

- Trigger 1: development occurs in land mapped on the Biodiversity Values Map (OEH) (clause 7.1 of BC Regulation 2017),
- Trigger 2: development involves clearing/disturbance of native vegetation above a certain area threshold (clauses 7.1 and 7.2 of BC Regulation 2017),
- Trigger 3: development is otherwise likely to significantly affect threatened species (clauses 7.2 and 7.3 of BC Act 2016),
- Trigger 4: development proposed to occur in an Area of Outstanding Biodiversity Value (clause 7.2 of BC Act 2016). No areas are known to

occur in the LGA, and as such no further comments will be made in relation to this trigger.

The fourth trigger (development proposed to occur in an Area of Outstanding Biodiversity Value (clause 7.2 of BC Act 2016) is generally not applicable to the Cabonne LGA; as no such areas are known to occur in the LGA. No further comments will be made against the fourth trigger.

**Comment:** The original proposal was assessed in accordance with criteria specified in Matters of National Environmental Significance – Significant Impact guidelines 1.1 (DoE 2013). The assessment concluded that the proposal does not have a significant impact on any Matters of National Environmental Significance. The footprint of the proposed development as a result of the proposed changes will remain over cultivated land. The area to be impacted has previously been cleared and developed for farming operations. The solar farm Eugowra Solar Farm development will remain within this farmed land and therefore no new or significant impacts will occur.

#### **Section 4.14 Bushfire**

The land is mapped as being 'bushfire prone land' as per *Cabonne Council Bush Fire Prone Land Map*, certified by NSW Rural Service Commissioner on 21 June 2022. The EP&A Act requires council to be satisfied that the development conforms to the specifications and requirements of *Planning for Bush Fire Protection 2019* (PBP 2019) prepared by the NSW Rural Fire Service (RFS).

The proposed modified development is assessed pursuant to Section 4.14 of the Environmental Planning and Assessment Act 1979 which requires the development to comply with Planning for Bushfire Protection 2019 (PBP 2019) prepared by the NSW Rural Fires Service. In accordance with the Planning for Bushfire Protection, the RFS is not required to be notified and as such, council can proceed to determine the bushfire risk.

The modified development can proceed in accordance with the PBP 2019 requirements, subject to modification of the condition(s) of consent relating to the provision of adequate Asset Protection Zones around the development.

#### **State Legislation, Regulations and Policies**

##### **Environmental Planning and Assessment Act 1979**

The *Environmental Planning and Assessment Act 1979* provides the framework for NSW Planning Legislation. Under this Act, local councils prepare Local Environmental Plans (LEPs) that specify planning controls for specific parcels of land.

##### **Clause 4.55**

Clause 4.55 of the EP&A Act includes provisions which allow council, to receive an application to modify a development consent. Clause 1A of Section 4.55 of the EP&A Act states:

*(1A) Modifications involving minimal environmental impact: A consent authority may, on application being made by the applicant or any other person entitled to act on a consent granted by the consent authority and subject to and in accordance with the regulations, modify*

*the consent if--*

*a) it is satisfied that the proposed modification is of minimal environmental impact, and*

*b) it is satisfied that the development to which the consent as modified relates is substantially the same development as the development for which the consent was originally granted and before that consent as originally granted was modified (if at all), and*

*c) it has notified the application in accordance with--*

*I. the regulations, if the regulations so require, or*

*II. a development control plan, if the consent authority is a council that has made a development control plan that requires the notification or advertising of applications for modification of a development consent, and*

*d) it has considered any submissions made concerning the proposed modification within any period prescribed by the regulations or provided by the development control plan, as the case may be.*

Considering the above clause, council when assessing the modification must first make a threshold determination: it must be satisfied that the proposed modification constitutes "substantially the same" development as originally approved. This determination is a mixed question of fact and law, guided by established judicial principles and tests.

### **Substantially the Same Test**

The "substantially the same" test has been subject to judicial interpretation. It requires the consent authority (council) to conduct both a quantitative and qualitative analysis of the development, comparing its state before and after the modification. In this instance, the fundamental purpose of the solar farm remains unchanged both before and after the proposed modification.

### **Quantitative Differences Test**

The modified proposal involves the construction of the first stage of the solar farm, generating 2.18 MW of DC electricity. The originally approved development encompasses the entire solar farm, which has a capacity of up to 4 MW. Upon completion of the second stage, the site will retain its approved 4 MW capacity. Therefore, the proposed modification aligns with the approved electricity generation parameters.

### **Qualitative Differences Test**

Qualitative differences pertain to the nature and quality of development. The modified development maintains the same solar panel technology, which will be mounted on a steel rod (Peg system) framework. Layout plans and section profiles remain unchanged, and the same standard of solar panels will be installed. Additionally, site management procedures during construction will be consistent with those originally approved.

Based on the above discussion, principles, and tests, the modification:

- Retains approval for a solar farm with a capacity of up to 4 MW, without altering existing or approved land uses.
- Does not significantly alter the nature, scale, or intensity of the development.
- Maintains the originally approved relationship with adjoining properties.
- Does not introduce significant changes to potential impacts, as discussed in greater detail in the following assessment and Likely Impacts section of this report.

#### **Section 4.15**

When determining a development application the consent authority must take into account the matters outlined in section 4.15(1) of the *Environmental Planning and Assessment Act 1979* (EP&A Act). These matters as are of relevance to the development application include the following:

- (a) the provisions of any environmental planning instrument, proposed instrument, development control plan, planning agreement and the regulations*
- (b) the likely impacts of that development, including environmental impacts on both the natural and built environments, and social and economic impacts in the locality,*
- (c) the suitability of the site for the development,*
- (d) any submissions made in accordance with this Act or the regulations,*
- (e) the public interest.*

These matters are considered below.

#### **PROVISIONS OF ANY ENVIRONMENTAL PLANNING INSTRUMENT s4.15(1)(a)(i)**

##### **Cabonne Local Environmental Plan 2012 (CLEP)**

##### **Part 1 - Preliminary**

##### **Clause 1.2 - Aims of Plan**

The broad aims of the LEP are set out under subclause 2 as follows:

- (a) *to encourage development that complements and enhances the unique character and amenity of Cabonne, including its settlements, localities, and rural areas,*
- (b) *to provide for a range of development opportunities that contribute to the social, economic and environmental resources of Cabonne in a manner that allows present and future generations to meet their needs by implementing the principles of ecologically sustainable development,*
- (c) *to facilitate and encourage sustainable growth and development that achieves the following—*
  - (i) *contributes to continued economic productivity, including agriculture, business, tourism, industry and other employment opportunities,*
  - (ii) *allows for the orderly growth of land uses while minimising conflict between land uses within the relevant zone and land uses within adjoining zones,*
  - (iii) *encourages a range of housing choices and densities in planned urban and rural locations that is compatible with the residential and rural environment and meets the diverse needs of the community,*
  - (iv) *promotes the integration of land uses and transport to improve access and reduce dependence on private vehicles and travel demand,*
  - (v) *protects, enhances and conserves agricultural land and the contributions that agriculture makes to the regional economy,*
  - (vi) *avoids or minimises adverse impacts on drinking water catchments to protect and enhance water availability and safety for human consumption,*
  - (vii) *protects and enhances places and buildings of environmental, archaeological, cultural or heritage significance, including Aboriginal relics and places,*
  - (viii) *protects and enhances environmentally sensitive areas, ecological systems, and areas that have the potential to contribute to improved environmental, scenic or landscape outcomes.*

The proposed modified development is consistent with the broad aims of the CLEP 2012 as discussed further in this report.

#### **Clause 1.6 - Consent Authority**

This clause establishes that, subject to the Act, council is the consent authority for applications made under the LEP.

#### **Clause 1.7 - Mapping**

The subject site is identified on the LEP maps in the following manner:

Land zoning map	Land zoned SP2 Infrastructure
Lot size map	N/A
Heritage map	Not a heritage item or conservation area
Terrestrial biodiversity map	Has no mapped biodiversity sensitivity on the subject land
Flood planning map	Not within a flood zone
Natural resource – karst map	Not within a karst area
Drinking water catchment map	Not within a drinking water catchment area
Riparian land, watercourse, and groundwater vulnerability maps	Part groundwater vulnerable, but not affected by mapped watercourses
Land reservation acquisition map	Not Applicable

Those matters that are of relevance are addressed in detail in the body of this report.

### **Clause 1.9A - Suspension of Covenants, Agreements and Instruments**

This clause provides that covenants, agreements and other instruments which seek to restrict the carrying out of development do not apply with the following exceptions.

- covenants imposed or required by council
- prescribed instruments under Section 183A of the *Crown Lands Act 1989*
- any conservation agreement under the *National Parks and Wildlife Act 1974*
- any trust agreement under the *Nature Conservation Trust Act 2001*
- any property vegetation plan under the *Native Vegetation Act 2003*
- any biobanking agreement under Part 7A of the *Threatened Species Conservation Act 1995*
- any planning agreement under Division 6 of Part 4 of the *Environmental Planning and Assessment Act 1979*.

Council staff are not aware of the title of the subject property being affected by any of the above. It is noted that a water easement and sewer main runs through part of the site, and the modified proposal has been located clear of this easement.

## **Part 2 - Permitted or Prohibited Development**

### **Clause 2.1 - Land Use Zones and Land Use Table**

The land is zoned SP2 Infrastructure (Sewerage Treatment Plant). Ordinarily, the zone permits uses that are for “*The purpose shown on the Land Zoning Map*, including any development that is ordinarily incidental or ancillary to development for that purpose”.

A ‘Solar Farm’ is defined as:

*electricity generating works means a building or place used for the following purposes, but does not include a solar energy system—*

- (a) making or generating electricity,*
- (b) electricity storage.*

The permissibility in this instance is from Chapter 2, Clause 2.36(1) of the Infrastructure SEPP which permits electricity generating works associated with solar energy on any non-residential land with consent. Thus 'electricity generating works' are permissible with development consent in the SP2 zone through the application of the Infrastructure SEPP.

It is noted that under Chapter 2, Clause 2.42 of the Infrastructure SEPP that this development is neither State significant nor regional significant development (not located on the Regional Cities map – Orange) and hence does not trigger determination assessment criteria under the SEPP.

### **Clause 2.3 - Zone Objectives**

The zone objectives are broad. The consistency of the proposal with the applicable objectives is summarised as follows:

<b>SP2 Infrastructure - Objectives</b>	<b>Comment</b>
To provide for infrastructure and related uses.	Consistent
To prevent development that is not compatible with or that may detract from the provision of infrastructure.	Consistent

### **Part 3 - Exempt and Complying Development**

The modified application is not exempt or complying development.

### **Part 4 - Principal Development Standards**

Not applicable to the proposal.

### **Part 5 - Miscellaneous Provisions**

Not applicable to the proposal.

### **Part 6 - Additional Local Provisions**

#### **6.4 - Groundwater Vulnerability**

This clause seeks to protect hydrological functions of groundwater systems and protect resources from both depletion and contamination. Large areas of the LGA, including the subject site, are identified with "Groundwater Vulnerability" on the Groundwater Vulnerability Map. This requires that Council consider:

- (a) whether or not the development (including any onsite storage or disposal of solid or liquid waste and chemicals) is likely to cause any groundwater contamination or have any adverse effect on groundwater dependent ecosystems, and*

- (b) *the cumulative impact (including the impact on nearby groundwater extraction for potable water supply or stock water supply) of the development and any other existing development on groundwater.*

Furthermore, consent may not be granted unless Council is satisfied that:

- (a) *the development is designed, sited and will be managed to avoid any significant adverse environmental impact, or*
- (b) *if that impact cannot be reasonably avoided - the development is designed, sited and will be managed to minimise that impact,*
- (c) *if that impact cannot be minimised - the development will be managed to mitigate that impact.*

The modified proposal is not anticipated to involve the discharge of toxic or noxious substances and is therefore unlikely to contaminate the groundwater or related ecosystems. The proposal does not involve extraction of groundwater and will therefore not contribute to groundwater depletion. The design and siting of the proposal avoids impacts on groundwater and is therefore considered acceptable.

#### **Clause 6.8 - Essential Services**

Clause 6.8 applies and states:

*Development consent must not be granted to development unless the consent authority is satisfied that any of the following services that are essential for the proposed development are available or that adequate arrangements have been made to make them available when required:*

- (a) *the supply of water,*
- (b) *the supply of electricity,*
- (c) *the disposal and management of sewage,*
- (d) *storm water drainage or on-site conservation,*
- (e) *suitable road access.*

The modified proposal is consistent with this clause. Vehicular access is provided directly from Casuarina Drive. This access is proposed to be upgraded to accommodate the construction traffic associated with the development. There is an 11kV line running along Casuarina Drive which will provide connection to the grid.

#### **STATE ENVIRONMENTAL PLANNING POLICIES**

##### **State Environmental Planning Policy (Resilience and Hazards) 2021**

#### **Chapter 4 - Remediation of Land**

Pursuant to Clause 4.6 *Contamination and remediation to be considered in determining development application:*

- (1) *A consent authority must not consent to the carrying out of any development on land unless:*
- (a) *it has considered whether the land is contaminated, and*

- (b) *if the land is contaminated, it is satisfied that the land is suitable in its contaminated state (or will be suitable, after remediation) for the purpose for which the development is proposed to be carried out, and*
- (c) *if the land requires remediation to be made suitable for the purpose for which the development is proposed to be carried out, it is satisfied that the land will be remediated before the land is used for that purpose.*

The site is potentially contaminated under the Management Contaminated Land Guidelines Section 3.2, Table 1, having been historically used for agriculture.

The applicant addressed site use in its initial development application and the submitted Statement of Environmental Effects (SEE) addressed this as follows:

*"The subject property is not listed as a contaminated site on the NSW EPA Contaminated Lands Record for the Cabonne Shire. The proposed development site is not considered as contaminated land as it has not historically been subjected to any contaminating activities. A preliminary site contamination assessment was nevertheless undertaken at the site. The assessment concludes that the site is considered suitable for the proposed development of a solar farm".*

The initial SEE has adequately addressed this issue, and the modified development does not trigger requirements for further assessment.

### **State Environmental Planning Policy (Biodiversity and Conservation) 2021**

#### **Chapters 3 and 4 Koala Habitat Protection 2020 and 2021**

Chapter 4 of *State Environmental Planning Policy (Biodiversity and Conservation) 2021* relates to koala habitat protection. Cabonne LGA is listed in Schedule 2 and the site has an area greater than 1ha, therefore the SEPP needs to be considered.

The initial assessment concluded that the site is unlikely to any significant impact on koala populations or koala habitat. As such the modified proposal is considered to satisfy the requirements of the SEPP and a Koala Plan of Management is not required in this instance.

### **State Environmental Planning Policy (Planning Systems) 2021**

The modified proposal is not 'Regionally Significant Development' in that the initial development had a capital investment value of \$4.83 million, which was under the \$5 million threshold for consideration of the proposal by the Western Regional Planning Panel (WRPP) under Schedule 6 of *State Environmental Planning Policy (Planning Systems) 2021*.

### **State Environmental Planning Policy (Transport and Infrastructure) 2021**

The following provisions of the Infrastructure SEPP have been considered.

Development is permitted with consent under the provision of Section 2.36(1), as the proposal is for '*electricity generating works*' in the SP2 Infrastructure zone, being a prescribed zone.

**PROVISIONS OF ANY DRAFT ENVIRONMENTAL PLANNING  
INSTRUMENT THAT HAS BEEN PLACED ON EXHIBITION 4.15(1)(a)(ii)**

There are no draft environmental plans that relate to the subject land or proposed development.

**DESIGNATED DEVELOPMENT**

The proposed development is not designated development.

**INTEGRATED DEVELOPMENT**

The application is not integrated development.

**DARK SKY PLANNING GUIDELINE JUNE 2023**

The guideline informs development controls that apply to land for the assessment of significant development within 200km of the Siding Spring Observatory.

A consent authority must also consider the guideline for:

- state-significant development;
- designated development; and
- development specified in State Environmental Planning Policy (Planning Systems) 2021, Schedule 6 (regionally significant development) that is likely to affect the night sky and is within 200 kilometres of Siding Spring Observatory.

**Comment:** The proposed modified development is not within 200km of the observatory and not designated, regional or State significant and hence no further consideration under the guideline is required.

**PROVISIONS OF ANY DEVELOPMENT CONTROL PLAN**

No Development Control Plans apply to this land.

**PROVISIONS PRESCRIBED BY THE REGULATIONS**

The modified proposal does not contravene the relevant provisions of the regulations.

**THE LIKELY IMPACTS OF THE DEVELOPMENT s4.15(1)(a)(iii)**

An assessment of the relevant impacts associated with the development was considered as part of the assessment of the original development application. Below is a summary of the assessment of the potential impacts on the natural and built environment as a result of the modification to the development:

**Context and setting** – The proposed changes are generally consistent with the context of the site. The solar array will still be accommodated on 2.4ha of the 18-ha site which also includes the sewerage treatment ponds.

**Access and traffic** – The proposed modified development will continue to have access from the existing access to Casuarina Drive. A condition of consent requiring a Traffic Management Report be submitted prior to any construction works commencing and that the access to the site to be upgraded, detail maximum size vehicles to access the site, require all vehicles to enter and exit the site in a forward direction, require all loading and unloading be undertaken within the confines of the subject land will be maintained.

**Heritage** –The site does not contain any known heritage significance. A condition in relation to unexpected finds is included in the original consent. No changes to this condition is expected to occur as a result of the modification.

**Other land resources** – As previously highlighted in the original assessment the site does not contain any other known land resources.

**Water/air/soils impacts** – No concerns were raised in relation to contamination as a result of the modified development.

**Flora and fauna impacts** – The proposed modified development will not require the clearing of vegetation hence no concerns are anticipated.

**Natural environment** – The proposed modified development will not result in any significant changes to the contours of the land.

**Noise and vibration** – Noise impacts were noted as concerns during the initial assessment especially during the construction phase of the development. Conditions of consent were imposed limiting construction work hours to ensure minimal impact is caused to adjoining and surrounding properties. These conditions will be maintained.

**Natural hazards** – The site is identified as bushfire prone, however, the modified proposal satisfactorily addresses the Planning for Bushfire Protection Guidelines. The inclusion of an APZ of 10m and an inner protection area between the perimeter fence and vegetation have been included in conditions of consent will be amended requiring a new plan to cover the new proposed area.

**Social impact** – Positive social impacts in relation to the additional renewable energy source is expected as initially highlighted in the original assessment.

**Economic impact** – The modified development will have direct and indirect positive impact on the local economy as highlighted in the initially report. No negative economic impact is expected as a result of the Modification.

**Visual impacts** – The modified development will not result in significant visual impacts.

**Cumulative impacts** – No new cumulative impacts have been identified due to the changes proposed to the development.

#### **THE SUITABILITY OF THE SITE s4.15(1)(c)**

The land is zoned SP2, and the modified development is still consistent with the objectives of the zone and the intended use of the site. The site is cleared of vegetation and currently accommodates the Eugowra Sewerage treatment

Ponds. There are no aspects of the site to indicate that it would be unsuitable to accommodate the modified development.

### **Physical Attributes and Hazards**

The site is identified as bushfire prone, however, the modified proposal satisfactorily addresses the Planning for Bushfire Protection Guidelines. The inclusion of an APZ of 10m and an inner protection area between the perimeter fence and vegetation have been included in amended conditions of consent.

### **DEVELOPMENT CONTRIBUTIONS**

No contributions apply to the development.

### **ANY SUBMISSIONS MADE IN ACCORDANCE WITH THE ACT s4.15(1)(d)**

The proposed development is defined as "advertised development" under the provisions of the *Cabonne Council Community Participation Plan 2019* (CPP). The application was advertised for 28 days from Monday 28 April to Monday 26 May 2025, and at the end of that period two (2) submissions were received. Below is a table of the submissions and Council officers' response to the submissions.

<b>SUBMISSION</b>	<b>ISSUES</b>	<b>COUNCIL OFFICER'S RESPONSE</b>
1 – neighbouring property	Objects to a solar farm being placed in a paddock next to their property in Eugowra, firstly no one has contacted us about this until a letter turned up in the mail this week. Work has commenced on this project two weeks ago. Resident enjoys the view from their house of the round hill mountain and across the lagoon and now it will be destroyed by the solar farm	The submission highlights concerns regarding the potential visual impact of the proposed development on the resident's property. However, the resident's house is situated over 1.5 km away from the development site, and there were no records of the resident raising this issue during the initial advertisement of the Development Application (DA). It is anticipated that the development will not cause a significant visual impact, as the solar farm occupies only a small portion of the

		site, thereby minimizing its overall visibility.
Department of Planning, Housing and Infrastructure -Crown Lands	The Department of Planning & Environment - Crown Lands (the department), as adjoining landowner has reviewed the development application in accordance with the principles of Crown land management (s.1.4 <i>Crown Lands Management Act 2016</i> ) and offers no objections to the proposed development as no impact to Crown land has been identified.	No significant issues were identified in this submission.

**PUBLIC INTEREST s79C(1)(e)**

The proposed modified development is considered to be of minor interest to the wider public due to the relatively localised nature of potential impacts.

**CONCLUSION**

The proposed modification is permissible with the consent of council. No new impacts would be triggered as a result of the proposed changes. The proposed development as modified remains consistent with the relevant aims, objectives and provisions of Cabonne Local Environmental Plan 2012 and aligns with the provisions of section 4.55(1A) of the Environmental Planning and Assessment Act 1979. A Section 4.15 assessment confirms that the development, as modified, remains acceptable and permissible with the consent of council. Therefore, approval of the modification is recommended, subject to the attached conditions.

CEC 25/23 Carried

### **ITEM - 4 EVENT ASSISTANCE AND SPONSORSHIP FUNDING**

#### Proceedings in Brief

Leader Community and Economy provided the committee with an overview of the proposal, noting that the current structures present a risk to council and communities. The proposed new structure means that applications will be presented to the committee in a quarterly manner.

Cllr Weaver spoke in support of this initiative and report, noting the improvement on past processes/documents.

Cllr Jones suggested that consideration be given to increasing the council cost support up to \$5,000 from \$3,000 given increase in costs to implement traffic control, waste management, DA’s, wall art installation etc.

Leader Community and Economy noted that the support that is most required is within the approvals processes to establish events. Propose to work with urban services team over next 12 months to establish cost of these services, to be included in the fees and charges to align with guidelines. Supports increasing to \$5,000.

Clr Jones moved an amendment to the recommendation for the following reasons;

- a) group is made up of key stakeholder groups from across the Shire
- b) provides greater buy in early on in the process.

It was noted that this will be added as part of 'next steps' ahead of presenting a revised policy, subject to presentation to council following the committee meeting, a formal proposal to council.

Discussions were held surrounding the inclusion of registered business in the eligibility criteria.

As a result of a question from Clr Weaver, Leader Community and Economy advised that there is a requirement for recipients of EAP or Sponsorship to provide a formal acquittal back to council. Would like to formalise even further, requiring events seeking large amounts of money evidence of financial status. Previous requirement that council would only sponsor up to 30% of the cost of the event, now proposing a 50% co- contribution. Propose that reports would be provided back to the committee on all funding support that has been provided..

Jones - 10-20K funding source – eligibility criteria update - if council provides \$10,000 or more, organisers should provide a presentation to council following the event. Clrs need to ensure the financial sustainability/responsibility with ratepayer funding.

Discussions were held surrounding the need for accountability by community groups in relation to the use of funding that is provided.

Leader Community and Economy advised that an additional slide will be presented to council workshop with points raised by the committee.

**RECOMMENDATION** (Pearson/Weaver)

THAT the information in the report be noted.

The amendment was put and carried becoming the recommendation, the recommendation was put and carried.

**AMENDMENT** (Jones/Pearson)

THAT the Events Assistance and Sponsorship Funding Program restructure be presented to the Cabonne Community Stakeholder Advisory Committee for feedback for endorsement by council.

**RECOMMENDATION** (Jones/Pearson)

THAT:

1. The information in the report be noted;

2. The Events Assistance and Sponsorship Funding Program restructure be presented to the Cabonne Community Stakeholder Advisory Committee for feedback.

CEC 25/24 Carried

### **ITEM - 5 COMMUNITY AND ECONOMY UPDATE**

#### Proceedings in Brief

#### Grants Update

Leader Community and Economy advised that committee that the 'Activation of Canowindra Town Centre and River Precinct' official opening will be held on Friday, 20 June. Work is currently underway on crossing points and gardens for this event.

Councillors congratulated all involved with projects delivered under the Building Better Regions funding.

#### Tourism & Culture Update

Leader Community and Economy presented the committee with the final version of Cabonne map.

Clr Weaver commented on the impressive statistics regarding visitor economy.

#### **RECOMMENDATION** (Pearson/Weaver)

THAT the information in the report be noted.

CEC 25/25 Carried

### **ITEM - 6 COMMUNITY SERVICES UPDATE**

#### Proceedings in Brief

Department Leader Community Services advised the committee that a request for donation from Molong Players would be being presented to the June council meeting and this could potentially be controversial. Clr Jones requested that the Department Leader Community Services brief the Mayor on this request prior to the council meeting.

As a result of a question from Clr O'Ryan, discussions were held surrounding the correct source of funding for these requests. Leader Community and Economy suggested that there is potential to formalise the donations process in a similar structure to the events and sponsorship requests.

It was noted that staff currently have no strategic direction from council around these requests.

#### **RECOMMENDATION** (Weaver/Pearson)

THAT the information be noted.

CEC 25/26 Carried

There being no further business, the meeting closed at 12:45pm.

#### **ITEM - 4 TRANSPORT INFRASTRUCTURE UPDATE**

Proceedings in Brief

Bridge Replacements

Pinecliffe Road causeway – The Department Leader – Transport Infrastructure noted that a meeting has been set with the contractor to go over their contract management regarding the Fisheries permit which is required for the project. He also noted that he has the draft permit for review.

Coates Creek Bridge – It was noted that this is the lowest priority of the three bridge replacements as it is still trafficable.

#### Peak Hill Road Upgrade – Roads of Significant Importance (ROSI)

The Chair enquired about the length of Telstra cable which is to be relocated. The Department Leader – Transport Infrastructure advised it was approx. 900m.

#### Disaster Recovery Works (DRFA)

The Department Leader – Transport Infrastructure noted that in relation to the additional proposed works which are waiting for approval from Transport for NSW (TfNSW), further evidence has been requested. It was noted that the timeframes for approvals is very frustratingly long. The General Manager confirmed that we are still undertaking the appeals process for the additional proposed works which were not approved. The approval process has now been handed over to NSW Reconstruction Authority.

#### Bitumen Roads

Clr Beatty enquired if there was further work to be done on Kiewa Street, Manildra due to the markings on the roads. The Department Leader – Transport Infrastructure noted that he was not aware of any further works in this location. It was noted that council would need to consider sealing the shoulders in this location to tie in with the work completed by TfNSW.

Clr Nash enquired about work to be done on Yellowbox Road (from the Railway line to the 100km/h sign). The Department Leader – Transport Infrastructure advised that it had been scheduled to be added to the upcoming program however with the MSM Milling expansion road upgrades will be required as part of the DA.

#### RTRF Betterment Works

Clr Nash enquired if \$3.7M was enough money for three (3) bridges. The Department Leader – Transport Infrastructure advised that he believed so – there are indicative figures back at the office.

Clr Nash advised that she had received an enquiry from the public regarding a section of road in Cargo which has now been closed off. The area in question is up past the pub and locals were using it as a turning area. The Department Leader – Transport Infrastructure advised that he would investigate and report back.

#### Future Grant Funding

The Department Leader – Transport Infrastructure advised that Council had been contacted regarding an accessibility issue regarding the bridge on The Escort Way at Cudal. Council is working with TfNSW to come up with a solution.

Clr Batten noted that he was very impressed with the work that the team has done over the last 12 months. It has been outstanding to see so many shovel ready projects ready for grant applications. Congratulations to the whole team.

Clr Beatty enquired about the additional funding from Council's contribution for Lake Canobolas Road – where is this being funded from? The Department Leader – Transport Infrastructure advised that potentially it would be funded from R2R funding which Council will continue to receive for the next few years. The final scope may need to be adjusted. Clr Nash noted that it is a very busy road, could we request help from Orange City Council?

**RECOMMENDATION** (Pull/Nash)

THAT the committee note the information provided.

IT25/16 Carried

**ITEM - 5 PLANT AND DEPOT UPDATE**

**RECOMMENDATION** (Pull/Batten)

THAT the committee note the information provided.

IT25/17 Carried

**SCHOOL CROSSING SUPERVISOR FOR WELLINGTON STREET, MOLONG**

Councillor Kevin Beatty noted that Clr Pearson had previously requested a report regarding the school crossing located on Wellington Street, Molong. He noted that on attendance last week, he observed that it was not really a traffic problem, but children crossing without thought for the traffic (walking straight out in front of traffic). It was noted that a school crossing supervisor would help to alleviate this issue. He requested that a motion be raised to investigate this further.

**MATTER ARISING** (Beatty/Nash)

That the committee request council to undertake urgent steps to investigate having a school crossing supervisor allocated to the pedestrian crossing located on Wellington Street, Molong.

IT25/18 Carried

**ITEMS FOR NOTATION**

2025 Local Roads Congress

Clr Batten noted that he and the Deputy General Manager – Cabonne Infrastructure attended the 2025 Local Roads Congress and found it quite interesting. He noted that a communique was put together and was being forwarded.

There being no further business, the meeting closed at 1.17pm.

## LIQUID TRADE WASTE POLICY

### STRATEGIC POLICY

**Responsible Department:** Cabonne Infrastructure

**Responsible Section:** Water Utilities

**Responsible Officer:** Department Leader - Water Utilities

### Objective

This policy sets out how Council will regulate sewage and trade waste discharges to its sewerage system in accordance with the NSW Framework for Regulation of Sewerage and Trade Waste.

### Introduction

This policy sets out how Council will regulate sewage and trade waste discharges to its sewerage system in accordance with the NSW Framework for Regulation of Sewerage and Trade Waste (section 3.1). The policy is concerned with the approval, monitoring and enforcement process for liquid trade wastes discharged to Council's sewerage system and the levying of commercial sewerage and liquid trade waste fees and charges. It has been developed to ensure the proper control of liquid trade waste and hence protection of public health, worker safety, the environment, and Council's sewerage system. The policy also promotes waste minimisation, water conservation, water recycling and biosolids reuse.

Sewerage systems are generally designed to cater for waste from domestic sources that are essentially of predictable strength and quality. Council **may** accept trade waste into its sewerage system as a **service** to businesses and industry.

Liquid trade wastes may exert much greater demands on sewerage systems than domestic sewage and, if uncontrolled, can pose serious problems to public health, worker safety, Council's sewerage system and the environment.

Impacts of poor liquid trade waste regulation include:

Grease, oil, solid material, if not removed on-site, can cause sewer chokes and blockages and the discharge of untreated sewage to the environment.

Strong waste may cause sewage odour problems and corrosion of sewer mains, pumping stations and sewage treatment works.

A person wishing to discharge liquid trade waste to the sewerage system must, under section 68 of the *Local Government Act 1993*, obtain prior approval from Council. Discharging liquid trade waste without an approval is an offence under section 626 of the Act.

The procedure for approval is governed by Chapter 7 of the Local Government Act and is subject to the *Local Government (General) Regulation 2005*.

Under clause 28 of the Local Government (General) Regulation, a council must not grant an approval under section 68 of the Act to discharge trade waste (whether treated or not) into a sewer of the council unless the Director-General of the Department of Primary Industries (DPI) has concurred with the approval.

Under section 90 (2) of the Local Government Act, the Director-General, DPI, may give the council notice that the concurrence may be assumed (with such qualifications or conditions as are specified in the notice).

### Policy

Council manage the acceptance of liquid trade waste into its sewerage systems in accordance with Liquid Trade Waste Management Guidelines for councils in regional NSW, 2021 as issued by DPIE.

## CABONNE WATER SUPPLY POLICY

### STRATEGIC POLICY

**Responsible Department:** Cabonne Infrastructure

**Responsible Section:** Water Utilities

**Responsible Officer:** Department Leader – Water Utilities

---

### Objective

This policy lists all Council's water supply policies which are developed to meet legislative requirements to do with local water utilities.

### Introduction

Water policies are developed to meet legislative requirements to do with local water utilities and applies to all water supply systems managed by Cabonne Council.

### Policy

#### Cross Connection Control in Water Supplies

That Council adopt the following for Cross Connection Control in Water Supplies:

In scenarios where cross-connection hazards to potable water systems are identified, the regulatory authority may mandate the installation of additional protective measures, including but not limited to supplementary containment, zone isolation, or individual backflow prevention devices, to ensure compliance with backflow prevention standards.

For Cross Connection Control in Water Supplies Council is to install testable devices on all hazard premises.

#### Molong Water Supply – Private Connections

Any further private connections to raw or treated trunk water mains be disallowed in the Molong Water Supply Scheme because this is a delivery main not a reticulation main.

#### Water Agreements – Special Water Agreements on Main

That Council adopt the following conditions relating to special water agreements and that all Special Water Agreement users be requested to sign a copy of an agreement based on the conditions.

The owner of the property to pay Council the full cost of connecting the Council's water main, such amount to be paid prior to actual connection at a standard satisfactory to the Deputy General Manager of Infrastructure.

The owner to be responsible for all maintenance of the line and relocation of said line if such is warranted at any time, any maintenance of the connection to the main shall be performed by Council at the property owner's cost;

The owner of the property to pay an amount, by way of a Special Water Agreement Charge, equal to the minimum water rate levied for the relevant water fund and such owner to then be entitled to the applicable annual excess-free consumption beyond which the applicable excess water charges will apply;

Council reserves, at all times, the right to restrict the supply of water to the property, as the supply of water to the village area takes first precedent, and the owners shall abide by water restrictions at all times;

Failure to pay Council's annual charge, or any excess water charge that may be levied, will lead to Council disconnecting the supply to the property until the amount due is paid. Reconnection to be at the owner's full cost;

Water from Council's supply is to be used for stock and domestic purposes only, irrigation use is not permitted;

If water is lost as a result of a break in the private pipeline, Council will NOT waive any excess water charges that may result from such break;

Annual Special Water Agreement charge to be levied on 1st January each year and to apply for the whole of the year, whether supply is maintained for the whole of the year or disconnection made during the year.

### **Water Main Extension**

That the following requirements be adopted with the matter to be reviewed:

- In the case of any water main extension required to an existing allotment within the town or village zone, and at the sole discretion of council, such extension cost maybe be shared on a 50/50 basis between Council and the applicant.

For land subdivisions in town and village zones, Council and the applicant will each cover 50% of the extension costs, if the subdivision supports immediate residential development. Council's contribution is limited to available reserve funds and capped annually at \$5,000 for Molong and \$2,000 for Cumnock and Yeoval. Provision of water service connection between main and allotment shall be provided at the applicant's cost as per set charges.

### **Water Supply – Properties in 1 (c) zones – Molong**

That no new water main extensions or connection to the Molong Water Supply Scheme are to be authorised outside the village zone except for the north side of South Street between George Street and Peabody Road subject to:

- Applicants meeting full cost of mains construction

- Applicant meeting Council's headworks connection charge

### Responsibilities

**General Manager:** responsible for the overall control and implementation of the policy.

**Deputy General Manager Infrastructure & Leaders:** responsible for the control of the policy and procedures within their area of responsibility.

## PROCUREMENT POLICY

### STRATEGIC POLICY

**Responsible Department:** Cabonne Infrastructure

**Responsible Section:** Plant & Depots

**Responsible Officer:** Department Leader – Plant & Depots

---

#### Objective

Council is committed to ensuring a fair, transparent and accountable process in the procurement of goods and services.

Council aims to provide a commitment to supporting the Cabonne Local Government Area economy and enhancing the capabilities of local businesses and industry whilst meeting the expectations of the community and legislative requirements.

#### Introduction

The object of this policy is to provide clear policy statements for the procurement of materials, equipment and services, to assist in ensuring best value for money, cost effectiveness, good management practices, transparency, probity, environmental performance and report on modern slavery in the procurement process, whilst meeting the expectation of the community and legislative requirements and also sets out the framework under which councils Officers engage in procurement.

The policy applies to all persons engaged in procurement activities within Council. Excluding:

- Internal Council resources
- Natural disasters and/or significant emergencies.

#### Policy

Expenditure on third party goods and services represent the most significant portion of Council expenditure. Council commits itself to conducting procurement activities in a manner that complies with the following principles:

- Compliance
- Responsible financial management
- Sustainability
- Probity, Equity, Transparency and Ethical Behaviour
- Value for Money

- Best Practice Elements
- Accountable Decision Making
- Risk Management
- Social and Sustainable Impact, including modern slavery provisions.
- Support local suppliers or providers.

Wherever an existing contract is available for use by Cabonne Council (including State Government, Local Government Procurement (LGP) or (Central NSW Joint Organisation CNSWJO), it shall be reviewed in the first instance to ascertain whether the existing contract/s satisfies the identified requirement.

All Council Officials are required to consistently apply, implement, and uphold the requirements of Council's procurement policies and procedures in a manner that is transparent and accountable. Appropriate remedial action and consequential action shall be taken for non-compliance to performance management and/or termination in the case of fraud.

Council's methods of procurement are based on financial limitations. These financial limits must be adhered to in accordance with this policy and Council's Delegations Register.

Splitting or de-bundling of purchases to circumvent the financial limit or the multiple purchases of the same items over a period is not permitted in any category, or whilst undertaking any method of procurement.

#### **Authority to Procure**

- The General Manager has a set terms and limits of procurement authority.
- The General Manager determines procurement limits of staff when delegating functions to staff and reviewed as necessary.
- Staff have authority to authorise procurement as set out as part of their delegations (position description).
- Procurement IS NOT to be split into smaller portions as a means of avoiding the provisions.
- STAFF **without** delegation to procure, do not have authority to authorise procurement.

#### **Procurement in General**

- Procurement must be carried out in accordance with this policy
- Procurement must consider the procurement principles set out in this policy.
- Purchases comply with this policy and any protocol or procedure issued under it
- Purchases up to \$100 within the LGA use the regular suppliers with a monthly order number (unless pre-arranged e.g. IGA)
- The item purchased is not under a Council contract
- The approving person has the appropriate delegation
- Staff are adequately trained to comply with this policy.

#### **Centralised Purchasing**

Ideally staff who may not be comfortable in procuring or staff in your area are away you can utilise the Purchasing Officer, however you will have to obtain the appropriate quotes and ensures budgets are available and they can submit on your behalf to the "Approving Officer."

### Financial Limits or Categories (A to F)

#### A Minor Purchase

Up to \$100 per individual transaction with receipts.  
Card statement to be balanced monthly with job numbers.  
Requires a Council Official with relevant financial delegation.

#### B \$101 to \$5,000

Minimum 1 written quote (including GST).  
Requires a Council Official with relevant financial delegation.

#### C \$5,001 to \$20,000

Minimum 2 written quotes (including GST).  
Requires a Council Official with relevant financial delegation.

#### D \$20,001 to \$124,999

Minimum 3 written quotes (including GST).  
Requires a Council Official with relevant financial delegation.

#### E \$125,000 to \$249,999

Formal Request for Quotation (RFQ) - via Vendor Panel  
(including GST)  
Requires a Council Official with relevant financial delegation.

#### F In excess of \$250,000

Full tender process to be followed.  
Purchases greater than \$250,000 to be approved by Council  
at meeting, including GST.

## **Methods of Procurement**

### **Purchase Orders**

A Purchase Order (PO) is Council's official document used to purchase goods or services from an external supplier which is then committed within Council's financial system to facilitate payment, including progress payments.

A PO confirms the contractual arrangement between Council and the supplier and is required for procurement of all goods and services not subject to a contract agreement (excluding minor cash purchases).

A PO will be issued by an authorised Council Officer subject to the limit of their financial delegation as per Council's Delegation Register.

A Council Officer authorised to approve the issue of the purchase order must ensure that budgeted and approved funds have been allocated for the purpose of the expenditure.

The invoice for the goods or service must be matched to the order, verified, and authorised by the approving Council Officer. POs must only be issued via Synergy Soft Financial system.

Attach Invoices and other supporting documents to the PO.

The PO needs to be printed (office copy and supplier copy) and signed and then given to the supplier (refer to Council Term and Conditions)

When the goods are received the person who ordered the "goods" needs to check to ensure they are as per the PO and go into Synergy Soft and Fully Received Goods.

### **Credit Card Transactions – Records you must keep**

You must obtain a receipt for all credit card transactions over \$75.00.

For all transactions below \$75.00 where a receipt is not available, you must supply written evidence with your signature stating what the business-related purchase was for.

For all transactions regardless of the amount, you must advise the related job number on the monthly credit card statement.

Refer to the credit card policy.

### **Quotations**

A quotation is an external supplier's bid or offer to provide goods and services. A quotation represents a statement of price, terms of sale and description of goods and services offered by the supplier to Council. Quotations are utilised to ensure Council receives value for money based on fair competition.

All quotations must be in writing and subject to financial limits and are obtained for all the potential procurement costs of goods and services not available through long term supply contracts, preferred

supplier panels, prescribed entities as defined in s. 55 of the Local Government Act 1993 (e.g., Local Government Procurement) or Government contracts.

All tenders and quotations will not be opened or accessed until the closing date and time has passed.

### **Tenders**

Tenders are utilised by Council to implement a contract in accordance with the requirements outlined within s.55 of the Local Government Act 1993 and its associated regulations.

### **Preferred Supplier Panels**

Council may use preferred supplier panels to buy specific types of goods and services. These panels are a list of suppliers for specific goods or services and is still subject to obtaining quotes as per financial limits and category (A to F).

Where a preferred supplier panel has been established, Council may refer to panels for purchase before going to the open market ) as per the financial limits and categorisations (A-E).

### **Long Term Supply Contracts**

Council may choose to pursue long term contracts for goods and services to allow Council to take advantage of the buying power opportunities, quality of product, financial efficiencies, reduced inventory, probity, and delivery on demand, nominally referred to as preferred supplier panel (Vendor Panel and/or LG Procurement).

Such contracts may also be awarded in conjunction with other councils or regional organisation of councils.

Goods and services are supplied in accordance with the purchase of goods & services terms & conditions and nominated price stipulated in the contract.

Options may include (and not limited too):

- Contracts for the provision of common use goods and services that have been specifically arranged for Councils by Local Government Procurement (LGP).
- Central NSW Joint Organisation (CNSWJO) agreements.
- NSW Local Government Procurement.
- Individual Council procurement agreements.
- Grant funding.
- Community services.

### **Local Preference**

The price concession buffer will be applied in the evaluation and decision-making process for all procurement activity up to \$249,999. The process with regards to the application and use of the buffer in evaluating offers is detailed in the Cabonne Council Procurement Guidelines.

Council will include, where applicable and appropriate, a criteria for local preference in the evaluation of requests for quotations and tenders.

Local suppliers are identified for the purposes of the application of the Local Supplier Preference.

Local Suppliers are those suppliers that have maintained a registered business address in the Cabonne Council Local Government area for the preceding 12 months prior to the procurement activity for which they are seeking Local Supplier status.

Council reserves the right to amend the weighting in individual quotations and tenders.

#### **Quality Assurance and Reporting includes Auditing**

Procurement reports may be included in the monthly business paper to Council which outline non-conformances with this policy.

Additional random internal monthly audit checks will be conducted by the Council's Procurement Officer to ensure compliance with the requirements of this policy and reported to the DGM Transport Infrastructure.

Council may from time to time, audit procurement.

Items that may be audited could be:

- Actual financial delegated levels of authority
- Actual purchasing limit requirements
- Using the centralised purchasing
- Variations between ordered values and payment values
- Committal of orders and contracts

#### **Exclusions**

The following supplies are exempt from the requirement for an order on each purchase:

- The supply of goods and services where a credit card is the usual or only payment method e.g. computer software.
- Regular supplies of electricity but not provision of new or changed services.
- Regular supplies of telephone services but not the provision of new or changed services.
- Regular supply of gas services but not the provision of new or changed services.
- Payments in line with a contract allowing for payment at a set rate for a service over a period where the payment is in accordance with the contract.
- Reimbursement of employee expenses.
- Postage
- Online land information transactions with NSW Land Registry Service
- Online vehicle registration transactions with NSW Transport.
- In response to natural disaster or emergency management i.e. emergency repairs

### **Natural Disasters**

The Local Government Regulation 2021 has been amended to prescribe a tendering threshold of \$500,000 for contract entered by councils for the purpose of responding to, or recovering from, a declared natural disaster within 12 months of the declaration of the natural disaster.

The amendment means that council is NOT required to tender prior to entering a contact with a value of less than \$500,000 where the contact:

- Is primarily for the purpose of response to or recovery from a “declared natural disaster” and
- Is entered into within 12 months after the date on which the natural disaster is declared.

### **Vehicle Procurement**

For the procurement of vehicles please refer to Council’s Motor Vehicle Management Policy.

### **Variation**

Council reserves the right to vary the terms and conditions of this policy subject to a report to and approval from Council.

### **Definitions**

**Act:** [Local Government Act 1993](#)

**Buffer:** Refers to percentage-based pricing concession applied to identified Local Supplier’s quote or tender price for comparative assessment purposes only. The current local preference buffer is 5%.

**Council:** [Cabonne Council](#)

**Centroc:** [Central NSW Joint Organisation \(CNSWJO\)](#)

**GIPA Act:** Government Information (Public Access) Act 2009

**Guidelines:** The Cabonne Council Procurement Guidelines.

**Preferred Supplier Panel:** Suppliers and contractors who have provided submissions to Councils Goods and Services Tender and met the minimum requirements to be included into the list. Framework: The Cabonne Council Procurement Policy framework consisting of both the Policy and the Guidelines.

**Local Benefit:** Having the ability to positively impact upon the local economy by Council purchasing locally within policy provisions.

**Modern Slavery:** Modern Slavery is a term used to describe situations where coercion, threats or deception are used to exploit victims and undermine or deprive them of their freedom. Modern slavery includes various types of serious exploitation trafficking in persons; slavery; servitude; forced

marriage; forced labour; debt bondage; deceptive recruiting for labour services and the worst form of child labour (see [Modern Slavery Act 2018 \(C\)](#)).

**Natural Disaster:** Natural disaster has been declared in relation to the area of a council by either:

- A Natural disaster declaration for the purposes of the Natural Disaster Relief and Recovery Arrangements jointly administered by the commonwealth and states and territories.
- A declaration under the [State Emergency and Rescue Management Act 189](#), Section 33

OLG Circular to Councils No 22/17 – Natural Disasters dated 10 June 2022

**OLG Tendering Guidelines:** [OLG Tendering Guidelines for NSW Local Government \(October 2009\)](#)

**Open Tendering:** Means the tendering method as detailed in the Regulations (see section 166-167)

**Policy:** The Cabonne Council Procurement (Incorporating Local Supplier Preference) Policy

**Regulations:** [The Local Government \(General\) Regulations 2021 \(NSW\)](#)

**Selective Tendering:** Means the tendering method as detailed in the Regulations (see section 166,168-169)

**Value for Money:** Value for money is determined by considering all the factors that are relevant to the proposed contract and may include: experience, quality, reliability, timeliness, service, risk profiles and initial and ongoing costs. These are all factors that can make a significant impact on benefits and costs. Value for money does not automatically mean the 'lowest price.' (reference OLG Tendering Guidelines).

**Exemption from Process:** Where applicable by law, the General Manager may at his/her discretion provide an exemption from the processes required by the Cabonne Council Procurement Framework.

## Review

This policy will be reviewed within 12 months of an Ordinary Council Election or such other time on an as-needs basis.

### What's new or changing?

- Maximum boarding house tariffs for 2025-26 have been determined
- Maximum interest rate payable on overdue rates and charges for 2025-26 has been determined
- Section 603 Certificate fee for 2025-26 has been determined
- Statutory limit on the maximum amount of minimum rates for 2025-26 has been determined

### What will this mean for council?

- Councils should incorporate these determinations into their 2025-26 rating structures, Operational Plan and Revenue Policy.

### Key points

#### Boarding House Tariffs

- In accordance with section 516 of the *Local Government Act 1993* (the Act), it has been determined that for the purpose of the definition of 'boarding house' and 'lodging house', the maximum tariffs, excluding GST, that a boarding house or lodging house may charge tariff-paying occupants are:

T 02 4428 4100 TTY 02 4428 4209, E [olg@olg.nsw.gov.au](mailto:olg@olg.nsw.gov.au)  
Locked Bag 3015 NOWRA NSW 2541  
[www.olg.nsw.gov.au](http://www.olg.nsw.gov.au)

- a) Where full board and lodging is provided:  
\$467 per week for single accommodation; or  
\$770 per week for a family or shared accommodation.
- b) Where less than full board or lodging is provided:  
\$315 per week for single accommodation; or  
\$518 per week for family or shared accommodation.
- Notice giving effect to these decisions has been published in the NSW Government Gazette (Government Gazette No 119 – 28th day of March 2025).

#### Maximum Interest Rate on Overdue Rates and Charges

- In accordance with section 566(3) of the Act, it has been determined that the maximum rate of interest payable on overdue rates and charges for the period 1 July 2025 to 30 June 2026 will be 10.5% per annum
- The methodology used to calculate the interest rate applicable for the period 1 June 2025 to 30 June 2026 is the Supreme Court methodology (the Reserve Bank cash rate plus 6%), rounded to the nearest half per cent. The cash rate used for the purposes of the maximum interest rate for local government is based on the cash rate set by the Reserve Bank of Australia on 10 December 2024
- Notice giving effect to these decisions has been published in the NSW Government Gazette (Government Gazette No 119 – 28th day of March 2025)

#### Section 603 Certificate

- Under section 603 of the Act, councils may issue a certificate as to the amount (if any) of rates, charges, etc. due or payable to the council for a parcel of land. Section 603(2) states the application must be accompanied by the approved fee. In accordance with the approved methodology, the approved fee for 2025-26 is determined to be \$100. This remains the same as the 2024-25 fee.
- This determination applies to the issuing of a certificate for the matters specified in section 603(2) of the Act. Where a council offers to provide other information as an optional service, the council is not prevented from separately determining an approved fee for that additional service. Furthermore, a council is not prevented from determining approved fees for additional services required by an applicant for the expedited processing of a Section 603 Certificate.

#### Statutory limit on the maximum amount of minimum rates

- Following a recommendation by Independent Pricing and Regulatory Tribunal (IPART), clause 126 of the Local Government (General) Regulation 2021 will be amended on 1

July 2025 by the Local Government (General) Amendment (Minimum Amounts of Rate) Regulation 2025, so that under section 548(3)(a) of the Act, the maximum amount of the minimum ordinary rate will be \$639 for 2025-26.

- The maximum amount of a minimum special rate (not being a water supply special rate or a sewerage special rate) prescribed by section 548(3)(b) of the Act will remain unchanged at \$2.

### **ITEM - 4 GOODNESS GRAVEL NOVEMBER 2025 PARKES CYCLING EVENT**

Proceedings in Brief

The Department Leader – Transport Infrastructure noted that the insurance documentation provided is set to expire on 31 October 2025. The organiser has been requested to provide updated documentation prior to the event.

#### **RECOMMENDATION**

THAT:

1. Approval for the Goodness Gravel Cycling event Saturday 1<sup>st</sup> November 2025 be held along various roads Cabonne Council be

endorsed subject to an updated insurance documentation being provided prior to the event.

#### **ITEM - 5 BACK TO BUCKINBAH EVENT**

##### **RECOMMENDATION**

THAT:

1. The committee note the information regarding the event.

#### **ITEM - 6 UPDATE BUS STOPS**

##### **Proceedings in Brief**

Ms Buckenhofer enquired what Council's preference would be (relocate the bus stops or leave them as is). The Deputy General Manager – Infrastructure noted that it would be Council's preference to relocate the bus stops to the new identified locations – there are minimal cars parked in the new location, it is away from street trees and there is more opportunity to look at pedestrian mobility requirements.

Ms Buckenhofer requested that the committee table this report so that further enquiries can be made.

##### **RECOMMENDATION**

THAT:

1. The committee table the request regarding the relocation of the NSW TrainLink coach stop (Stop ID – 28641) next to the Cudal preschool to the new location in front of 11 Main St. Cudal so that further enquiries can take place.

#### **ITEM - 7 UPDATE PARKING SIGNS ON KIEWA STREET, MANILDRA**

##### **Proceedings in Brief**

It was noted by the Chair that there is currently no place for trucks to park in Manildra.

Mr Wotton noted that the area mentioned in the report is a built up area, so legally trucks should only be parked there for 1 hour.

Ms Buckenhofer requested that the blocks either side of the area mentioned in the report are scoped so that a consistent approach can be applied.

The Chair requested that staff investigate a suitable truck parking location.

##### **RECOMMENDATION**

THAT:

1. The committee endorses the installation of parallel parking signage for vehicles 6m and under on Kiewa Street Manildra at the following locations:
  - a. Corner Kiewa and Derowie Street and
  - b. At a distance of 45m east of Derowie Street
2. Council staff scope the blocks either side and apply a consistent parking approach to these blocks.

3. Council staff investigate suitable locations within Manildra for a truck parking area and provide the committee with a report at a future meeting.

## **GENERAL BUSINESS**

### **CARGO ROAD OVERTAKING**

Correspondence to TfNSW from the Minister's Office via MP Donato, has sought a review of overtaking opportunities along Cargo Road. Discussions with TfNSW indicate that the existing line marking along Cargo Road meets the required standards for safe overtaking. As can be appreciated the geometry of Cargo Road restricts overtaking and thus the line marking is marked to reflect overtaking when possible.

The warrants for additional overtaking lanes would need to be assessed by physical inspection/audit. If any were identified then subject to funding a full design and scoping could be undertaken with a view of seeking future opportunities for such.

The Department Leader noted that there is currently no funding to investigate this request nor is there any funding for additional works.

The Department Leader – Transport Infrastructure enquired about the options for this request going forward; the Deputy General Manager – Infrastructure noted that a Road Safety Audit can be undertaken but it is not currently within Council's priorities and has not been budgeted.

### **ADAMS CORNER, MOLONG – SPEED**

Council has received a request about the speed of vehicles travelling around Adams corner in Molong especially B-Doubles. It had been observed that these vehicles were travelling too fast. Research indicates no record of incidents at this location

Adams corner is on Market Street (Mitchell Highway) and serves as main route for traffic coming from the north into Molong and vice versa. The current speed of vehicles heading into Molong is 60k/h which changes to 50k/h near Kite Street.

In order to determine speeds in this area, it is suggested that traffic counters be installed with this information being reported back to the committee at a future date.

The Department Leader – Transport Infrastructure noted that Council staff would undertake a traffic count at this location and would put a report to the committee at a future meeting.

### **HORSE SIGNAGE – MULLION CREEK**

Clarification of the possible location for the installation is still being sought with staff to undertake onsite clarification.

Should the need be acceptable, then installation of such is able to be done without Traffic committee approval as these signs are only Advisory signs ie Black on Yellow signs.

It was confirmed that Council staff had been advised since the report was written that the locations requested are Belgravia Road and Burrendong Way.

### BALDRY ROAD

Council has received correspondence from the Cumnock and District Progress Association in regards to a sharp corner of Baldry Road near the top end of "Stone Henge" Gravel Pit. It has been suggested to erect a 70km/h sign and to add extra arrow signs. The site still needs to be inspected.

The Department Leader – Transport Infrastructure suggested that traffic counts be undertaken at this location.

--------	--	--

It was noted that Council staff would enter the review request for Old Canobolas Road into the Safer Roads Portal.

Ms Buckenhofer enquired if there needs to be more education of the public as to what criteria TfNSW apply when undertaking a speed zone review – it involves crash data, new development, evidence supplied by residents. The Chair thought that this was a good idea.

Ms Buckenhofer noted that there was a review which had been left out of the above update – The Escort Way, Cudal (from the 50km/h zone to Cudal Cemetery Road).

There being no further business, the meeting closed at 11.13am.

## **The Molong Players**

President: Paula Rudd  
Secretary: Geraldine Brown  
Treasurer: Bill Hopper

PO BOX 62  
Molong NSW 2866

---

To whom it may concern:

Molong Players Inc is a registered and incorporated not-for profit organisation which has been producing and performing plays in Cabonne for over 40 years. We have returned money to the community in 2 major ways.

Firstly, the community groups which cater for a given performance receive up to 50% of the ticket price to use as a fund raiser for their group. After they have paid costs, the remaining balance is a major contributor to each group's fundraising efforts.

Secondly, prior to 2021, Molong Players also used their profits from each season to donate to local community groups as needed. This disbursement of funds was advertised in the Molong Express and community groups applied for funding. In fact, Cabonne Council has been the recipient of some not inconsiderable Players' funding in the past for renovations to the dressing rooms in the old Hall as well upgrades to its kitchen.

After a performance hiatus of 4-5 years due to Covid and a complete knockdown and rebuild of the community hall, Molong Players made a triumphant return to the boards last year with our performance of "Two weddings and a nervous breakdown". We had had no income during the hiatus and therefore dipped into our reserves to mount this production which celebrated all the good things about living in a rural community. We chose to mount only 3 performances to gauge the community's support for Molong Players. Was it still there after 4 years?

We were delighted and thrilled to utilise the newly built Cabonne Community Centre, (and indeed it featured in the play), and be its first long-term booking. It was the length of our booking in the Centre which gave us a terrific opportunity to test the facilities-lights, sound, stage access and kitchen facilities to name a few. Yes, there had been other hirers in the Centre before us, but they were generally short-term users and as such did not require as much access to all the available equipment.

At the conclusion of our 2024 season we provided council with a list of the challenges, issues and problems which we had encountered with the venue. Not the least of which was the sound system. To overcome the malfunctioning system we had to hire a sound system and operator from an external source to ensure sound would be available for all performances. The cost of this hire was \$3000.

This unforeseen expense easily wiped out any profits we had hoped to make. This meant that Molong Players was unable to support any local community groups from the 2024 production. A situation that rarely, if ever, has been encountered in the past. It also means that for the 2025 production we will again be dipping into our reserves.

Molong Players is happy to accept the discounted hire for the venue but given that we had to pay \$3000 to enable us to perform due to faulty sound equipment we would appreciate if the Council would consider further assistance.

Sincerely,

The Molong Players

We would like to acknowledge the  
Canberra Area Theatre CAT Awards

## CABONNE COUNCIL

# Fee Reduction or Waiver form

Council provides an opportunity for groups that are not for profit Cabonne community-based organisations to apply for a fee reduction or waiver. Groups make applications annually to be recognised as a particular category.

Category A	Commercial, business, political, private hirers.	Full Fee
Category B	Cabonne Community not for profit organisations and charities (funded).	50% discount
Category C	Non funded unincorporated small community groups with no opportunity to attract financial support or for private hire such as funeral wakes.	Fee waiver

Organisation name: Molong Spring Awakening. A Wellbeing and Wellness Weekend for WoWomen

Name of Applicant: Sandy Prell

Position in Organisation: Chair

Phone number: 0429696225

Email address: sandyprell@bigpond.com

Are you applying for category B or C: Category C

Is your application for one booking or an ongoing booking:

This one is for one booking. It will be, however biannual event. We would appreciate consideration of this waiver for each of these events into the future.

To be eligible to receive a concession under Categories B or C the Hirer must be a 'Not for Profit' community group or organisation. Please reference Councils hire of community facilities-buildings strategic policy for eligibility criteria.

Please provide comment to demonstrate the above category.

We are a group of four women in Molong who share a passion for the Wellbveing and Wellness of Women.

We are all yoga teachers or Ayurvedic practioners and have chosen to share our skills with the Cabonne community of women. We volunteer our time and our organisational skills to put together a full weekend of different wellness and wellbeing activities that the women in our community can access.

At our first of these gatherings, we had 15 women attend and at the second up to 25 (Sposored by Cabonne Council). We have been using the UPA Hall and a private home as our venues but have outgrown both. The expressions of interest we have had for the September event indicate that we may have somewhere between 35 and 50 participants.

Councils support of this event by wsay of a fee waiver to allow us to keep the weekend affordable

**Note 1:** Modifications to the approved plans will require the lodgement and consideration by Council of a modification pursuant to Section 4.55 of the Environmental Planning and Assessment Act.

**Note 2:** A warning to all Accredited Certifiers. You should always insist on sighting the original Council stamped approved plans/documentation and not rely solely upon the plan reference numbers in this condition. Should the applicant not be able to provide you with original copies, Council will provide you with access to its files so you that may review our original copies of approved documentation.

**Note 3:** The approved plans and supporting documentation may be subject to conditions imposed under section 4.17 of the Act modifying or amending the development (refer to conditions of consent which must be satisfied prior to the issue of any Construction Certificate).

(Reason: To confirm and clarify the terms of consent)

## Standard Conditions

**2. Compliance with the Building Code of Australia**

All building work, including the erection of temporary structures, shall be carried out in accordance with the provisions of the Building Code of Australia. A reference to the Building Code of Australia is a reference to that Code as in force on the date the work is undertaken.

*(Reason: To ensure the building work complies with the Building Code of Australia)*

**3. Lapsing of consent**

This consent is limited to a period of 5 years from the date of the Notice of Determination unless the works associated with the development have physically commenced.

*(Reason: To ensure compliance with Section 4.53 of the Environmental Planning and Assessment Act 1979)*

**4. Decommissioning**

The land must be returned to its pre-existing condition (prior to use as a solar farm) and all solar farm infrastructure removed once the project is decommissioned. The land must be rehabilitated and restored, including the pre-existing land and soil capability class if previously used for agricultural purposes. The solar energy project owner or operator shall be responsible for decommissioning and rehabilitation.

*(Reason: To ensure the site is rehabilitated to its predevelopment condition upon decommissioning of the solar farm)*

**5. Other Approvals**

The following approvals are required where relevant:

Roads Act 1993 approval - The applicant is to submit an application to Council for any work within the road reserve (e.g. vehicular footpath crossings, utilities including stormwater, footpath paving, kerb and gutter etc) for local and regional roads, pursuant to Section 138 of the *Roads Act 1993*. Details and confirmation of fee payment must be provided with the Construction Certificate application.

*(Reason: To ensure all work complies with relevant legislation)*

**B. PRIOR TO COMMENCEMENT OF WORKS****6. Obtaining a Construction Certificate**

This Development Consent does not constitute approval to carry out construction work. Construction work may only commence upon the issue of a Construction Certificate, appointment of a Principal Certifying Authority (PCA), and lodgement of Notice of Commencement. Please note that if demolition works forms part of

## Standard Conditions

the extent of works approved in the same application, then demolition must not commence prior to the issue of a Construction Certificate.

*(Reason: Information)*

**7. Appointment of Principal Certifying Authority**

The person having the benefit of the development consent and a Construction Certificate shall:

- (a) Appoint a Principal Certifying Authority and notify the Council of the appointment (if Council is not appointed); and
- (b) Notify Council of their intention to commence building work (at least 2 days' notice is required).

Note: If the principal certifying authority is the Council, the nomination will be subject to the payment of a fee for the service to cover the cost of undertaking all necessary inspections and the issue of the appropriate certificates.

*(Reason: To ensure compliance with the Environmental Planning and Assessment Act 1979)*

**8. Signs on site**

A sign must be erected in a prominent position on any site on which building work or demolition work is being carried out:

- (a) showing the name, address and telephone number of the principal certifier for the work, and
- (b) showing the name of the principal contractor (if any) for any building work and a telephone number on which that person may be contacted outside working hours, and
- (c) stating that unauthorised entry to the work site is prohibited.

Any such sign is to be maintained while the building work or demolition work is being carried out, but must be removed when the work has been completed.

*(Reason: Prescribed Condition under Clause 98A(2) and (3) of the Regulation. Toilet Facilities during Construction)*

**9. Rural Fire Management**

The draft Fire Risk Management Plan shall be finalised prior to the commencement of works.

The solar farm shall comply with the relevant specifications and requirements of Planning for Bushfire Protection (2019) prepared by the NSW Rural Fire Service including the following:

## Standard Conditions

(a) Asset Protection Zones (APZ) – An Asset Protection Zone (APZ) of minimum width of 10m shall be provided around the solar modules and associated infrastructure. The APZ shall be provided and maintained in accordance with the requirements of the “Planning for Bush Fire Protection 2019” guidelines for the life of the subject development.

Such APZ may be implemented as ‘managed land’ where by the required minimum width of 10m is provided as one or a combination of the following:

- i. The existing grassland vegetation is maintained in a low fuel condition by regularly mowing to achieve a nominal height no greater than 100 mm; and/or
- ii. Maintained lawns.

The APZ shall be established prior to the issue of the solar modules Occupation Certificate(s).

(b) Access arrangements

An access driveway to the solar modules and associated infrastructure shall be provided and must have a minimum width of 4 m with an additional 1 m cleared strip of vegetation on each side of such new access driveway. The access driveway must be capable of supporting fully laden fire fighting vehicles.

*(Reason: To manage fire risk).*

## **10. Construction Environmental Management Plan**

Prior to the commencement of works a Construction Environmental Management Plan for the management of soil, water, vegetation, waste, noise, vibration, dust, hazards and risk for the construction works shall be submitted to and endorsed by council. The plan must:

- (a) describe the proposed construction works and construction program and,
- (b) set standards and performance criteria to be met by the construction works and,
- (c) describe the procedures to be implemented to ensure that the works comply with the standards and performance criteria and,
- (d) identify procedures to receive, register, report and respond to complaints and,
- (e) nominate and provide contact details for the persons responsible for implementing and monitoring compliance with the plans.

Note: the detail of the construction management plan should be proportionate to the scale of the work.

*(Reason: To ensure that satisfactory measures are in place to provide for environmental management of the construction works, and to ensure waste and contamination at the site are appropriately managed.)*

## **11. Traffic Management**

Prior to undertaking any works within a public road reserve or affecting the road reserve, a traffic management plan is to be submitted to and approved by council

Page 4 of 11

## Standard Conditions

and under Section 138 of the *Roads Act 1993*. Where occupancy of the road reserve is required, a Section 138 application shall accompany the Traffic Management.

*(Reason: To ensure that works carried out comply with the Roads Act)*

## 12. Erosion And Sediment Control

Erosion and sedimentation controls shall be in place prior to the commencement of site works; and maintained throughout construction activities until the site is landscaped and/or suitably revegetated. These requirements shall be in accordance with Managing Urban Stormwater - Soils and Construction produced by Landcom (Blue Book).

An Erosion and Sediment Control Plan must be lodged with the Construction Certificate.

A copy of the Erosion and Sediment Control Plan must always be kept on site during construction and made available to Council officers on request.

Erosion and sediment control measures as detailed in the submitted Erosion and Sediment Control Plan must be installed and operating prior to and during all construction works.

*(Reason: Environmental protection)*

## C. REQUIREMENTS DURING WORKS

### 13. Construction Hours

Construction work may only be undertaken during the following hours

DAY	HOURS
Monday to Friday	7:00 am to 6:00 pm
Saturday	8 am to 1:00 pm
Sunday & Public Holidays	No work

Where the development involves the use of jackhammers/ rock breakers and the like or other heavy machinery, such equipment may only be used between the hours of 7.00 am - 5.00 pm Monday to Friday only.

*(Reason: Safety and amenity)*

### 14. Toilet Amenities On Construction Site

Prior to commencement of any building works, toilet facilities for employees must be provided in accordance with SafeWork NSW requirements.

Where female workers are present on site, appropriate measures for sanitary item disposal should be made, such as a disposal unit provided in the portable toilet or sewer connected toilet closet.

## Standard Conditions

*(Reason: Statutory Requirement - Health and amenity)*

**15. Waste Management**

The applicant shall comply with the Waste Management Plan submitted with the Development Application.

*(Reason: To ensure measures that will protect the public, and the surrounding environment, during site works and construction are implemented prior to works commencing on the site)*

**16. Cultural Heritage**

During construction, the development is to proceed with caution. If any Aboriginal objects are found, works should stop, and Heritage NSW contacted. If an Aboriginal relic is uncovered, work must cease immediately, and Heritage NSW must be contacted. All workers on the site are to be made aware of this condition.

*(Reason: To protect and conserve Cultural Heritage)*

**17. Discovery of Contamination**

Should any unexpected contaminated, scheduled, hazardous or asbestos material be discovered before or during construction works, the applicant and contractor shall ensure the appropriate regulatory authority is notified and that such material is contained, encapsulated, sealed, handled or otherwise disposed of to the requirements of such Authority.

*(Reason: To ensure contamination discovered during construction is dealt with as quickly as possible and to protect the health of the community and the environment)*

**18. Native Vegetation**

There must be no removal or disturbance of native vegetation except as authorised by this consent, including canopy trees, understorey and ground cover vegetation without the prior written consent of Council.

*(Reason: To ensure vegetation is maintained on the site)*

**19. Critical Stage Inspections**

Critical stage inspections must be called for by the Principal Contractor as required by the Principal Certifying Authority (PCA), any PCA Service Agreement, the Act and the Regulation.

Work must not proceed beyond each critical stage until the PCA is satisfied that work is proceeding in accordance with this consent, the Construction Certificate(s) and the Act. 'Critical Stage Inspections' means the inspections prescribed by the Regulations for the purposes of section 6.5 of the Act or as required by the PCA and any PCA Service Agreement.

## Standard Conditions

**Note 1:** The PCA may require additional inspections beyond mandatory critical stage inspections in order that the PCA be satisfied that work is proceeding in accordance with this consent.

**Note 2:** The PCA may, in addition to inspections, require the submission of Compliance Certificates, survey reports or evidence of suitability in accordance with Part A2.2 of the BCA in relation to any matter relevant to the development.

*(Reason: Statutory requirement)*

## **20. Inspection Records & Compliance Certificates**

The PCA or accredited certifier undertaking each of the inspections must make a record of each inspection in accordance with Part 8 of the Environmental Planning and Assessment (Development Certification and Fire safety) Regulation 2021 and, if the person is not the PCA, forward a copy to the PCA.

A copy of any compliance certificates issued in respect of the building work and any documents referred to in the certificate must be provided to Council within two (2) days of the certificate being issued.

*(Reason: Statutory requirement)*

## **D. PRIOR TO THE ISSUE OF THE OCCUPATION CERTIFICATE**

### **21. Occupation Certificate**

A person must not commence occupation or use (or change of use where an existing building) of the whole or any part of a new building (within the meaning of section 6.10 of the Act) unless a Partial, Part or Whole Occupation Certificate has been issued in relation to the building or part.

The Principal Certifying Authority is required to be satisfied, amongst other things, that:

- All required inspections (including each applicable mandatory critical stage inspection) have been carried out; and
- Any preconditions to the issue of the certificate required by a development consent have been met.

Note: New building includes an altered portion of, or an extension to, an existing building.

*(Reason: Statutory requirement)*

### **22. Completion of all Works**

All works must be completed in accordance with the conditions of this consent prior to the issue of an Occupation Certificate including, but not limited to, the following:

- (a) Vehicle access points;
- (b) Fencing;

## Standard Conditions

- (c) Bushfire Protection Measures and standards as outlined in this consent shall be installed and completed;
- (d) All drainage works required to be undertaken.

Following any construction or upgrading on site, the applicant must restore the ground cover of the site as soon as practicable, using suitable species and maintain ground cover.

*(Reason: To ensure adequate arrangements have been made for the development)*

**23. Removal of Waste upon Completion**

Before the issue of any Occupation Certificate, the Principal Certifier must ensure all refuse, spoil and material unsuitable for use on-site is removed from the site and disposed of in accordance with the approved Waste Management Plan. Written evidence of the removal must be supplied to the satisfaction of the Principal Certifier.

*(Reason: To ensure waste material is appropriately disposed of)*

**E. ONGOING USE****24. Rural Fire Management**

During occupation of the development, the applicant must ensure the site is managed, in accordance with Planning for Bushfire Protection 2019 and the NSW Rural Fire Service's document Standards for Asset Protection Zones. Any required bushfire protection measures are to be maintained throughout the operation of the solar farm at the site.

*(Reason: To ensure the protection of human life, the environment and adjoining property in the event of fire or other emergency generated by the development)*

**25. Storage of Hazardous Materials**

The applicant must store and handle all dangerous and hazardous materials on site in accordance with AS 1940-2004: The storage and handling of flammable and combustible liquids. The storage of any dangerous and hazardous materials must be provided in a suitably bunded and impervious area and in such a way as to minimise spills of hazardous materials or hydrocarbons. Clean up any spills must occur as soon as possible.

*(Reason: To minimise harm to the environment)*

**26. Noise Control During Operation**

Any noise generated from the operation of the solar farm, including noise from any substation and associated infrastructure, must not be intrusive or constitute offensive noise as defined by the *Protection of the Environment Operations Act 1997* at any private residential receiver. The operation of the solar farm must satisfy the EPA maximum noise criteria pursuant to the EPA's Noise Policy for

## Standard Conditions

Industry (2017). If, at any time, these levels are exceeded, operation of the solar farm shall immediately be modified, including suspension of operations if necessary, to ensure compliance.

*Reason: To protect the amenity of the area while the solar farm is in operation.*

**27. Waste Materials**

All solid waste from construction and operation of the proposed development shall be assessed, classified and disposed of in accordance with the NSW Environment Protection Authority's Waste Classification Guidelines. Whilst recycling and reuse are preferable to landfill disposal, all disposal options (including recycling and reuse) must be undertaken with lawful authority as required under the Protection of the Environment Operations Act, 1997.

*(Reason: To protect the environment)*

**F. FOLLOWING CESSATION OF USE****28. Decommissioning**

Any decommissioning of the proposed development shall be carried out in accordance with a Decommissioning Plan prepared within 2 years prior to proposed decommissioning as provided in the Statement of Environmental Effects.

*(Reason: To ensure the decommissioning of the solar farm occurs in an orderly and sustainable manner, that the amenity of the area is maintained while the solar farm is being decommissioned and to ensure the site can be returned to its original condition)*

**G. ADVISORY CONDITIONS****Dial Before You Dig**

Underground assets may exist in the area that is subject to your application. In the interests of health and safety and in order to protect damage to third party assets please contact Dial Before You Dig at [www.1100.com.au](http://www.1100.com.au) or telephone 1100 before excavating or erecting structures (this is the law in NSW).

If alterations are required to the configuration, size, form or design of the development upon contacting the Dial Before You Dig service, an amendment to the development consent (or a new development application) may be necessary.

Individuals owe asset owners a duty of care that must be observed when working in the vicinity of plant or assets. It is the individual's responsibility to anticipate and request the nominal location of plant or assets on the relevant property via contacting the Dial Before You Dig service in advance of any construction or planning activities.

## Standard Conditions

**Telecommunications Act 1997 (Commonwealth)**

Telstra (and its authorised contractors) are the only companies that are permitted to conduct works on Telstra's mobile network and assets. Any person interfering with a facility or installation owned by Telstra is committing an offence under the Criminal Code Act 1995 (Cth) and is liable for prosecution. Furthermore, damage to Telstra's infrastructure may result in interruption to the provision of essential services and significant costs. If you are aware of any works or proposed works which may affect or impact on Telstra's assets in any way, you are required to contact: Telstra's Network Integrity Team on Phone Number 1800 810 443

**Dividing Fences**

The erection of dividing fences under this consent does not affect the provisions of the Dividing Fences Act 1991. Under this Act, all relevant parties must be in agreement prior to the erection of any approved dividing fence/s under this consent.

Council has no regulatory authority in this area and does not adjudicate civil disputes relating to the provision of or payment for the erection of dividing fences.

If there is a neighbour dispute about the boundary fence and you are seeking mediation, you may contact the Community Justice Centre or if legal advice or action is required, you may contact the Chamber Magistrate.

**Lapsing of Development Consent**

In accordance with Section 4.53 of the Environmental Planning and Assessment Act 1979 (as amended), this Development Consent lapses five (5) years after the date from which it operates unless building, engineering or construction work has physically commenced.

**A Construction Certificate must be obtained, and the works commenced in accordance with the approved plans and specifications within five (5) years from the date of this Development Consent.**

**Modification Process**

The plans and/or conditions of this Consent are binding and may only be modified upon written request to Council under Section 4.55 of the Environmental Planning and Assessment Act, 1979 (as amended). The request shall be made via the NSW Planning Portal and be accompanied by the appropriate fee. You are not to commence any action, works, contractual negotiations, or the like, on the requested modification unless and until the written authorisation of Council is received by way of an amended consent.

**Review of Determination**

In accordance with the provisions of Section 8.2 of the Environmental Planning and Assessment Act 1979 (as amended) the applicant can request Council to review this determination. The request must be made via the NSW Planning Portal and appropriate fees paid and Council must determine that request within a period of 6 months from the date of determination shown on this notice. A fee, as

Page 10 of 11

Standard Conditions

prescribed under Council's current Fees and Charges, is payable for such a review.

**Right of Appeal**

Section 8.7 and 8.10 of the Environmental Planning and Assessment Act 1979 (as amended), gives the applicant the right to appeal to the Land and Environment Court within six (6) months after the date on which you receive this notice. Section 97 does not apply to the determination of a development application for State significant development or local designated development that has been the subject of a Commission of Inquiry.

## **DEPARTMENT LEADER - URBAN INFRASTRUCTURE'S REPORT**

### **Report: History of the Limestone Rocks on Molong Village Green**

Molong Village Green occupies the site of the former New Royal Hotel, a prominent c1870s two-storey brick building that once fronted Gidley and Bank streets. The hotel was demolished around the 1940s. Although there were plans to construct a new Rural Bank building on the site, these did not come to fruition.

The Yarn Market later acquired the then-vacant site, subdividing the land and retaining the former stables. The remaining land was transferred to Cabonne Council for the specific use as a public park.

During the tenure of former Cabonne Shire Engineer, the late Colin Crowe, several large limestone boulders—sourced from nearby roadworks—were placed in the park to serve as informal play structures for children visiting the park.

A time capsule was subsequently buried between three of these rocks by the Molong 150th Anniversary Committee on 28 September 1985. It is scheduled to be opened in 2035.

## **LEADER - COMMUNITY AND ECONOMY REPORT**

Effective and timely communication to ratepayers and residents is an important aspect of ensuring that Council is delivering key objectives. Section 4.1.3 of the 2025-29 Delivery Program outlines key actions to be undertaken to ensure that Cabonne communities are engaged and informed.

The Community and Economy team, in conjunction with the Innovation and Technology team, are proposing the development and implementation of an SMS communications system to enable efficient communication between council and residents/ratepayers. SMS messages have a 90% open rate and are read within 90 seconds of arrival.

The intention of this policy is to provide a structured framework for the responsible and secure use of SMS by authorised council staff. It ensures that all SMS communications are consistent with council's values of transparency, accountability, and respect for privacy. The policy also aligns with relevant legislative requirements and council's broader governance framework, including information security, records management, and ethical conduct.

SMS communication shall be used for:

- Emergency notifications and alerts – this may include water outages, significant road closures or disruptions to the road network, information aligning with emergency services (State Emergency Service alerts).
- If approved by ELT, reminders for council events, meetings, consultations, and deadlines.
- Updates on council services, projects, disruptions, and community initiatives.
- Important announcements and community notices.

SMS shall **not** be used for:

- Unsolicited marketing or promotional content.
- Two-way conversation or discussion of complex matters requiring context or documentation.

### **Consent and opt-in/opt-out**

Ratepayers and residents will have to register to receive SMS messages to ensure access to critical and timely information. All recipients will have the option to opt out of SMS communications at any time via a clear opt-out method included in each message.

Consent will be obtained via forms or council registration systems, with a targeted communications campaign to encourage residents and ratepayers to register. This campaign will be managed by the Community and Economy team.

### **Platform**

It is proposed that council will utilise the platform Sinch Message Media, which is utilised by a number of local councils, government agencies, and not-for-profit organisations (Cancer Council, Tasmanian Government, UNICEF, Ambulance Victoria).

Sinch Message Media would integrate with council's existing IT systems and in-line with future cybersecurity requirements, including single Sign on - multi-factor authentication and limiting shared logins.

It allows for messages to be sent under a custom name, e.g. Cabonne. It also provides an integrated opt-out system within the message. It also provides capability to be able to target specific user groups, such as towns and villages in the event of water outages, etc.

ELT have reviewed and endorsed this report and policy at their meeting on 11 June 2025.

### **GENERAL MANAGER'S REPORT**

Council adopted guidelines for the Community Facilitation Fund (CFF) in March 2015. The CFF was created for smaller community projects not originally included in the council's budget, to be allocated at the discretion of the Mayor and Deputy Mayor.

As a reminder, the guidelines for the CFF are as follows:

1. Projects where no existing vote for the works has been allocated or the vote is insufficient to complete the project.
2. Recipients must be community based not-for-profit groups.
3. Mayor and Deputy Mayor to jointly approve funds (with the General Manager as proxy if one is not available).
4. Allocation of funds to be reported to the next available council meeting.
5. Limit of \$3,000 per allocation unless other approved by council.

There were NIL allocation of funds was processed in the last month.

## **DEPARTMENT LEADER - FINANCE'S REPORT**

### **Summary**

This report details council's investment performance at 31 May 2025.

**Report**

In accordance with section 212 of the Local Government (General) Regulation 2021, it is hereby certified that the investments detailed in the attached investment report have been made in accordance with Section 625 of the Local Government Act 1993, its Regulations and council’s current Investment Policy which was last amended and adopted on 27 June 2023.

**Policy Implications**

The small breach in the holdings for ING Bank mentioned in the April 2025 investment report has now been rectified due to increased balances in investment holdings.

**Counterparty Compliance - Long Term Investments**

**Financial Implications**

Council’s investments as of 31 May 2025 increased to the total of \$50,008,000.

This comprises the amounts of \$43,750,000 in term deposits and \$6,258,000 in cash.

As at the end of May 2025, council's deposit portfolio had an average yield 4.8367% p.a, which is still performing well above the BBSW benchmark of 3.75% with a weighted average duration of 257 (~8.5 months). Council is working toward maintaining the weighted average duration to between 9-12 months in the long run to optimise returns, whilst not jeopardising liquidity.

Interest accrued during the month of May was \$180,440.88.

A yearly comparison has been made of the council's total investment balance as provided in the graphs below. The council is currently trending higher in its investment balance.

Percentage and amounts invested between each counterparty is shown in the graphs below:-

The portfolio remains lightly diversified across the investment grade spectrum with the majority of assets directed to the higher rated banks (rated “AA-“ or “A” category). Council is compliant within policy limits.

## MINUTES

A General Meeting of the Country Mayors Association of NSW Inc, was held on Friday **9 May 2025**, in the Theatre, Parliament House, Macquarie Street, SYDNEY commencing from 8:20am.

**THEME: Health**

**1. 8:20am A warm welcome from CMA Chairman and Temora Shire Mayor Rick Firman OAM and a brief address by ALGA President, Mayor Matt Burnett**

Mayor Burnett emphasised that the 1% campaign continues. He expressed concern that new Government's majority might make things difficult.

The Inquiry into Financial Sustainability is very important and we look forward to that be handed down.

The 2025 National General Assembly of Local Government (NGA) – incorporating the Regional Cooperation and Development Forum – will be held in Canberra from 24-27 June. We do want your motions. To lodge a motion contact [alga@alga.asn.au](mailto:alga@alga.asn.au) or call (02) 6122 9400. \$200mil disaster ready fund was a win from the Federal Government.

I think our Governments know we need more money.

A token of appreciation was presented to Mayor Burnett by Mayor Firman.

**2. 8:30am Presentation – NSW Minister for Regional Health, the Hon. Ryan Park MP**

It is a privilege to have this portfolio and I acknowledge the work of those (like Bronnie Taylor) who have made good progress before me.

Maternity Services are an important challenge. I believe women should try to give birth as close to home as possible. It takes a support network to raise a child. We need to keep birthing services close to where people live, which is a big challenge where we have a sparse regional State. That challenge is a concern in places such as Gunnedah and Tamworth.

Midwifery care networks are expanding in places like Glen Innes. We have increased incentives for midwives to \$20,000.

This is a priority of mine for rural and regional health.

Page 1 of 15

Staffing is an ongoing challenge. Ratios in ED's (1:3) will be established.

2,500 nurses are now receiving the \$20,000 attraction incentive and retention incentive are also being received.

I am also aware of the housing shortage. I learned about that from mayors. We've increased the budget for housing to \$200mil. We hope to house around 500 workers.

Pressure on ED's is real. A lot more category 2 and 3 patients (category 1 is life and death). The primary care and GP access is not as good as when we were children and that is contributing to the severity of conditions in Eds. People are not accessing Primary Care regularly.

Regional infrastructure benefits from the Country Mayors, thank you for your advocacy. We are building facilities, including ambulance stations across the regions.

The Minister concluded with: Thank you for this opportunity to engage with you.

Q: CGRC Mayor Abb McCalister: Thank you very much for listening and not closing the Pathology Department in Cootamundra.

A: Steph Cooke and the Councils got the message through.

Q: Yass Valley Council Mayor Jasmin Jones: I gave birth on the Barton Highway. Birthing on country is particularly important for our Aboriginal communities. On mental health, our Police Force needs professional support in dealing with people with mental health issues. Something we learned from our zoom with the Police Minister.

Q: Mayor of Kempsey Shire Council Kinne Ring: The Kempsey Hospital should be returned to level 3 on weekends and limited during. It is the 5<sup>th</sup> most disadvantaged in the State.

A: It must be safe and I will look into it.

Q: Kyogle Council Mayor Danielle Mulholland: What staffing strategies do you have in mind? Post disaster, kids have signs of PTSD.

A: I am happy to see what we can do about the PTSD and I will talk to the Mental Health Minister about that.

We are working to deliver 80 more GPs to rural NSW.

Q: Narrabri Shire Mayor Darrell Tiemens: Thanks you for you attention on Wee Waa and Narrabri hospitals. Demarcation disputes hurt our communities.

A: The LHDs and PHNs and AMSs and their inter-relationships frustrate me. If you are getting the bureaucratic run around, I want to hear about. I don't want rural and regional communities to waste time on the merry-go-round, we will do what we can to bring those people together to work it out.

Q: Lachlan Shire Mayor John Medcalf: Virtual Care – it has a place but it should not replace people on the ground.

A: Covid exacerbated this. I have said it is to be an enhancement or when we are struggling but it should not be a replacement or cost cutting measure.

Q: Lithgow City Council Mayor Cassandra Coleman: We are at the edge of the Penrith based health service. We need silos to be broken down.

A: I couldn't agree more. I don't know what the Federal Health Department does. I am happy to work with Lithgow.

Q: Byron Shire Mayor Sarah Ndiaye: Post Cyclone Alfred I encountered a nurse living in a van. Council would like to discuss this (the housing issue) with you further.

Q: Gwydir Shire Mayor Tiff Galvin: I started nursing as EEN. We need that paid training. Bullying in hospitals is a problem.

A: Bullying is a bigger problem in rural and remote areas because they are smaller and you cannot get away. We are certainly working on it.

Q: Ballina Shire Mayor Sharon Cadwallader: Our population is growing fast. It took me an hour in an ambulance to get to Lismore Hospital. We need some progress for Ballina.

A: It is a priority. The North Coast is also challenged for staffing and housing.

A token of appreciation was presented to Minister Park by Mayor Firman.

**3. 9:00am Presentation – NSW Shadow Minister for Regional Health, Mr. Gurmesh Singh MP**

I wish we could see more of the bipartisanship we have in health.

Regional health can be much more challenging than metropolitan health. The challenges seem worse post-Covid.

When we created a special port folio for Regional Health, it was because of the differences in the regions and between the regions and the major cities.

Rostering for ambulance staff has been part of the problem and we are working closely with unions and stakeholders to hold Ambulance NSW to account on their staffing approach.

Paramedic care is more important in the regions than in the city. We are holding the Government to account on ICPs and ECPs.

Maternity was also a focal point for Mr. Singh. We know how important it is to be able to say “I was born here”, and services have declined to what they were 40 years ago. The problems are global but we need to keep working on them. It’s one thing to provide incentives but their partners need a job, need a life. So, we need to make regional locations good places to live. Our job is to work on the imbalances in health services between the city and the regions. Little Wings is a private charity that does an amazing job and we need Government support for this.

A token of appreciation was presented to Mr. Singh by CMA Deputy Chairman Mayor Russell Fitzpatrick.

**4. 9:30am Presentation – Mr. Luke Sloane, Deputy Secretary NSW Regional Health Division**

Mr. Sloan said that remote consultations are an advancement we see today that is a positive for rural patients.

He offered to engage directly with regional communities.

The lack of Midwives is a major problem and I am open to the idea of training on the job.

IPTAS is increasingly being accessed and that is an important equity measure.

The Health Inquiry recommendations have been delivered and they have not, we are working on them. They have been taken very seriously and we have been focused on regional equity.

The Select Committee on Remote, Rural and Regional Health has been monitoring equity / access improvements in regional NSW and the implementation of the Inquiry recommendations. The oversight is important.

Aboriginal health organisations are being supported.

I am a nurse by background, so I do understand what our health personnel go through.

The MPS Strategy mentioned.

Q. Bland Shire Mayor Brian Monaghan: What can we do about urgent cases, like a heart attack in our towns?

A. We do have plans for the districts. We have a clinician and clinical staff advisory system to help improve service provision. We know we need services for what towns need. Leeton, Lismore, Wee Waa, Quirindi and another are current case studies, informing us.

We are continuing to work on retrieval services.

Hospital at home programs are being rolled out.

Q. Mayor of Yass Valley Jasmin Jones: What can we do to restore the cutback maternity units.

A: We need to focus on how we keep mothers and babies safe. Where we see birth rates below 50, it cannot be supported. Every year a minimum amount of births is needed for registration to be continued. We have to get the workforce back.

A token of appreciation was presented to Mr. Sloane by Mayor Firman.

**5. 10:00am Presentation – Ms. Kath Hetherington, GM – Service Delivery, NSW Rural Doctors Network and Community Solutions Manager Ms. Katie McDonell**

**Ms. Kath Hetherington**

It is a privilege to be here.

We value our MoU. We see Councils as the key stakeholder for community health concerns in country NSW.

Enabling access to health services in country towns is complex and each circumstance is unique.

This year, we are aiming at recruiting over 200 doctors to country NSW.

Ms Hetherington finished on a call for action – 1<sup>st</sup> July their contract changes to just have 'rural' as a priority. We need dedicated funding to recruit doctors for rural areas and we need your advocacy.

**Ms. Katie McDonell**

I'm your key point of contact. Council participation in our programs includes bush bursaries and cadetships, plus collaborative care.

We are always working on how we can engage with and support Councils, as well as better understanding of the health sector. It's a complex space and we can help understand it. We can help you to have the data to communicate with and advocate for your communities.

The data they use was illustrated in a slideshow presentation which was made available to members.

A token of appreciation was presented to the RDN representatives by CMA Executive Board Member, Mayor John Medcalf.

**6. 10:30am Morning Tea**

**7. 11:00am Presentation – Mrs. Clare Beech, Executive Director – Clinical Capability, Safety and Quality, NSW Ambulance**

Mrs. Beech described how NSW Ambulance plans for its resourcing and servicing of regional communities.

She said that the Ambo of 30 years ago would not compare to the paramedic of today. Advanced paramedics must have adequate exposure to the level of work they are qualified for, just like how you would not get brain surgery at your local MPS.

We know communities have concerns about access to emergency response ambulances and we do work with communities and volunteers to fill gaps. As demand increases, increased services can be justified.

Q. Deputy Mayor of Forbes Shire, Cr. Chris Roylance advised that Mayor Miller is stable at St. Vincent's Hospital. He said that Ambos are among our local heroes. What do you do about rehabilitation for the emotional toll? I have an ambo mate who is in a bad place, so he is off work.

A. The trauma that is experienced by first responders is real and has an accumulative impact. We are working hard on the issue and how we can better support our people. We have a range of programs in place. When you know you have a psychological injury, coming back to work might not be appropriate and we want to work on alternative pathways. Success will be where we are able to work on prevention. It's a big, complex issue.

Q. Warren Shire Mayor Greg Whitely: The 000 directions in the bush. Is there a way we could advertise the emergency location app?

A. You're right. Geolocation challenges could be improved with promotion of the app. We rely on the caller's information, so it's a could suggestion.

Q. Lachlan Shire Mayor John Medcalf: Tottenham has three Ambos renting and one owning a home. Is it a hub?

A. We are starting to see a bit of a FIFO or DIDO approach in our workforce. We do not have a hub and spoke model at present. I understand accommodation is a challenge, so in your case they are likely addressing the challenge together.

Q. Mayor of Inverell Shire Mayor Kate Dight: What relationships do you have with your counterparts over the border?

A: At an operational level, a 000 call is routed to the literal closest available responders. So, it is relatively simple. We have MoU's with QLD, Vic and ACT.

A token of appreciation was presented to Mrs. Beech by CMA Executive Board Member, Mayor Sharon Cadwallader (who advised Mrs. Beech that her recent ambulance ride from Ballina to Lismore took an hour, for 32km).

**8. 11:15am Presentation – Mrs. Christine Corby AM, CEO, Walgett Aboriginal Medical Service**

Mrs. Corby explained that they are all Aboriginal Walgett locals. Gomeroi country. The lack of maternity services was highlighted. "We give birth 3 hours down the road in Dubbo."

We have MoU's with Councils and also value the interagency meetings we have, so we can work together and understand who is doing what in the health sector in our communities.

She outlined how their AMS plays a vital role in the mental health of the community, even helping to make significant dates from ANZAC Day to Christmas special for the community.

They have an innovative garden / seed project, which now has 100 beds and a lot of health benefits. It is good for education about healthier diets.

Culturally, Christine referred to Charles Perkins. Promoting the Aboriginal stories and cultural heritage is important to her and the AMS. Doctor retention is often as big a challenge as recruitment but the Walgett AMS got lucky; "I had two doctors and by chance, they married farmers."

"Health partners and relationships are so important," Mrs. Corby concluded.

A token of appreciation was presented to the Walgett Aboriginal Medical Service representatives by CMA Executive Board Member, Mayor Josh Black.

#### **9. 11:30am Presentation – Mr. Mario Barone, President, Pharmacy Guild of Australia NSW Branch**

Mr. Daniel Kicuroski - NSW Branch Director (CEO) - Pharmacy Guild of Australia - NSW Branch

Mr. Kicuroski highlighted that there is a lot of overlapping between the Guild and CMA. The potential for more people to be treated and screened at pharmacies could reduce the demands on the health system. There are 350 localities with a pharmacy in Australia, where there is no other health service.

People are waiting way too long for a GP appointment. I saw a doctor in Sydney yesterday with an hour's notice but the majority of regional residents wait three weeks or more.

Urinary tract infection is now widely treated in community pharmacies, with over 20,000 women treated, nationally. Contraception and the shingles vaccine are also among the services provided in pharmacies.

By 2026, acute chronic conditions treatment will be trialed outside of Sydney, Wollongong and Newcastle. Eg. Antibiotics for an ear infection.

#### **Mr. Mario Barone**

Vaccination hesitancy is a huge issue. Increasing Pharmacy scope of practice can increase vaccinations levels.

You have to be a pharmacist to open a pharmacy. We put patients ahead of profits. You can only own a maximum of five pharmacies.

We got bipartisan support for patient access to affordable medications, namely the reduced co-payments.

A token of appreciation was presented to the Pharmacy Guild representatives by Mayor Firman.

Mayor Firman then presented a CMA pin to new member, Mayor of Balranald Shire Council Louie Zaffina.

Former CMA Chairman Jamie Chaffey was congratulated.

Premier Minns met yesterday with myself and Ms Boxall.

re: Premier's Rural & Regional Advisory Council... The Premier agreed to an initial two-year term, then to be reviewed. It is expected CMA will occupy at least one of the chairs, on what could be up to 11 members. The final terms of reference are being worked on by the Premier. This is a significant win for CMA as well as rural, regional and remote NSW.

The Treasurer also advised that he has been working hard on the RFS issue.

**18. Presentation [5 mins] - Dr Amanda Cohn Greens MLC, Chair of the Legislative Council Health committee, former Doctor and Deputy Mayor**

Three key points where Local Government plays a key role in health.

Attracting health care workers. We need to consider the lives of the individuals, their partners, children etc.

Planning – you can shape the quality of lives in your communities,

Advocacy – your roles as mayors in advocating to Senate committee members and others cannot be understated. Please don't feel disempowered. My door is always open to hear from you and your health challenges.

**19. Excelling CMA Members Segment – Health Theme**

**Bellingen Shire Council presentation. [10mins]**

Talked about Bellingen and Dorrigo hospital. Dorrigo ward has been closed for three years. Lack of housing prevented the reopening of ward. The cost of housing post-Covid has sky-rocketed. Homes for Health – For essential workers across the Bellingen Shire.

The community was ready to protest but I sought to bring them together to focus on solutions. Billeting training nurses.

120 people attended a community meeting, over 70 put their hands up to offer accommodation.

We partnered with the Local Health District. The Welcome Experience has been vital to this initiative working. The program has already expanded to include pharmacists and ambos.

Hartley House will reopen and that we placed nurses into accommodation, we feel helped. It's a great story of what can be achieved and what Local Government can do when you work with the community.

A presentation was supplied and distributed.

**Leeton Shire Council presentation. [10mins]**

Spoke on Collaborative Care

We can be without a doctor for up to two weeks. Telehealth is meant to augment, not replace face to face service.

We had FIFO ambos. A heart attack patient waited 50mins, yet he was 2mins away. Had his neighbours known it was going to take that long – they would have taken him to hospital themselves. There was a drop in confidence in the health and ambulance service.

Being a migrant and refugee friendly Shire, we have been very supportive of them. We have a highly experienced doctor from Iran who is struggling to navigate the registration system.

We proposed having top paramedics manning our ED when there were no doctors. It was described as not clinically safe. There has not been a willingness to think outside the box to make solutions happen. Our Deputy Mayor met with Minister Ryan Park and they enlisted us into the Collaborative Care program. It is changing community health services (through co-design approaches) with the RDN. We will be identifying needs and solutions, from consultation and collaboration. A working group has been set up. A local project officer employed until 2026. We will collaborate with service providers to help deliver better health care for the Leeton Shire. Ongoing advocacy will be important and support for migrant doctors. Rural hospitals cannot just be a bed for convalescence. Our ambulance services have to do more than take us to a larger centre.

**The Chairman thanked all for attending and with no further business, declared the meeting closed at 1:30pm.**

**The next meeting will be held in Orange on 11/12 June 2025.**

## Report from the Mayor attending the Central NSW Joint Organisation Board meeting on 29 May 2025 in Orange

### Recommendations

**That Council note the report from the Mayor on the Central NSW Joint Organisation (CNSWJO) Board meeting on 29 May 2025 held in Orange.**

Please find following, advice from the recent meeting of the Central NSW Joint Organisation Board held in Orange on 29 May 2025. On the night before the Board and guests held a farewell for Ms Jenny Bennett who has been the Executive Officer of the CNSWJO, and Centroc before it, for 19 years. Ms Kate Barker will be the Interim Executive Officer as the Board recruits a new Executive Officer.

Delegates were welcomed to Orange by its Mayor, Cr Tony Mileto. Speakers to the Board meeting were Mr Martin Rush from Mining and Energy Related Councils and representatives from the NSW Reconstruction Authority.

More detail on reports to the meeting are below where the agenda can be found on the [CNSWJO website](#).

Image: The CNSWJO Board meeting at the Orange City Council Chambers

### Forward budget

The Board adopted its Statement of Budget and Revenue. It can be found on the [CNSWJO website](#). Considerations for the 2025/2026 budget include:

- taking up the rate peg increase of 3.8% for fees where this figure is the lowest rate increase in this region (Blayney);

- noting the decision by the Board to realise \$150K from internally restricted reserves to support the cyber security project;
- noting the Statement of Strategic Regional Priority (SSRP) will be finalised in November of this calendar year and changes to priorities will be funded in the budget;
- based on the pilot with Forbes Shire Council, growth in the service offering for the procurement function to include a “fee-for-service” procurement management service at a reasonable cost to members showing a conservative income stream of \$20K;
- inclusion of \$12,500 to support matching funding for energy projects;
- inclusion of grant funded projects for:
  - Disaster Readiness;
  - Joint Organisation Net Zero Acceleration Program; and
  - Water Loss Management.

### Advocacy

The impact of the significant number of renewable energy development across the region was a hot topic on the day. Not a single council in the Central West is in the so-called Central West and Orana Renewable Energy Zone (REZ). This means that all the support and funding that the communities in the REZ enjoy does not come to our communities. This is simply unfair and the Mayors of the region are working together to go for a better more equitable outcome.

Another area of significant concern is the Belubula Water Security Project. CNSWJO will support Central Tablelands Water as it seeks to get optimal outcomes for the region in water security.

### Feedback from the UN Youth Summit

Council will recall previous reports on the UN Youth Summit. The event was held on 26 March at CSU Bathurst. A full report is being drafted by UN youth which will be tabled at the UN in September.

A debriefing session was held on 9 April where it was agreed that more events of this type would be welcomed.

### Charles Sturt University Medical Scholarship Review

CNSWJO has a policy position recognising that growing our own health workforce, particularly doctors, is the most likely approach to tackling health workforce shortages. After a decade of advocacy supported by CNSWJO, Charles Sturt University (CSU) has opened a medical school.

The Board previously resolved to support three students from the first cohort on the proviso they were from this region. The scholarships were for 5 years and finished this financial year.

The students will complete their study this calendar year and reports from CSU have provided advice that this support has been invaluable, both as a help financially, but also as recognition that the region has for them. One student reported feeling accountable.

A final report was provided by CSU which was considered by the Board who subsequently resolved to

Thank you.

I cannot thank the Central NSW Joint Organisation enough for their generosity in sponsoring the scholarship to support three of our cohort through the five years of our degree.

Their support is much greater than financial, knowing that we are supported by an organisation is an enormous boost to confidence, and is a great source of comfort in some of the more challenging times.

I would also like to take this opportunity to thank the Central NSW Joint Organisation for its hard work and persistence in advocating for the Doctor of Medicine program at CSU over the past years, it is something I have been very aware of, and I am incredibly appreciative for the chance to study Medicine so close to my hometown.

continue with the program. Please request the report. Charles Sturt will be asked to track where these students work in the future.

Charles Sturt University has provided advice that these students will be graduating at the end of this calendar year. Advice will be provided to Council accordingly and Councillors are encouraged to attend to support this initiative.

The Board agreed to continue the sponsorship for a further 5 years for 3 more students.

### **Interim Report to the May Board meeting on recommendations for the Statement of Strategic Regional Priority from the Enduring Financial Sustainability Subcommittee**

At the direction of the Board, a subcommittee has been created to provide feedback on programming for this term of the Statement of Strategic Regional Priority (SSRP) to support Council enduring financial sustainability.

This includes consideration of advocacy in two areas. Firstly, for an efficiency dividend for Councils paid from the NSW Government recognising the time-wasting processes of the bureaucracy and its impacts on council resources and secondly for the use by NSW agencies of regulatory impacts statements with particular focus on regional impacts.

From an operational perspective, the Board will receive advice on existing and potential operational support for members in enduring council financial sustainability.

### **Operational support for Councils Highlights**

CNSWJO provides a substantial program of operational support to members through 15 regional operational teams of council staff, delivering a return on investment year-on-year of over 9:1 for membership fees. The teams across the region support staff in many areas ranging from water to roads to planning to HR, WHS and tourism. All teams have terms of reference and plans on a page. Please find advice from five of the region's teams following.

### **Regional Cyber Security Program Report**

The Regional Cyber Security Program (the Program) aims to support member councils in a foundational shift in how cyber risk is addressed across the region.

Recognising the shared nature of cyber threats, and the benefits of collective governance and resourcing, the Program delivers a unified approach that uplifts each council's capability while leveraging regional economies of scale. It responds directly to the [NSW Auditor-General's Report](#) into cyber security in local government and the Office of Local Government's Cyber Security Guidelines (OLG Guidelines).

### Ramnicu Valcea

Ramnicu Valcea (rarm-niku vul-ch-a) is known as hackerville, the most dangerous town on the Internet.

Hackers based in this town have raked in on average US \$1 billion annually.

Figure 1 This slide is from a three-part training pack on improving cyber security safety for Council staff. Did you know there are communities for whom hacking is just a day job?

The Program initiated with the appointment of Jordan Welden-Iley as the Chief Information Security Officer (CISO) in February 2025, and to date has developed governance, engaged councils establishing maturity baselines, developed resources and supported quick wins in cyber security uplift as members raise concerns about specific events.

### Regional Procurement and Contract Management

Delegates to the Board meeting noted the ongoing growth of the Regional Procurement and Contract Management Program with its corollary cost savings to member councils. There are currently 20 regional contracts available for use by members, with a further 13 under development.

### Transport

The Transport Technical Committee (TTC) is scoping a Regional Freight Strategy to address shared priorities such as freight route definition and network mapping, regional road hierarchy and design standards, alternate route analysis, integration of bridge integrity testing findings, link to CNSWJO Matrix projects and natural disaster resilience and recovery; supporting future planning, investment and advocacy. The project is likely to be delivered in-house with council-led GIS support. The timeline and scope are currently being finalised.

Transport for NSW is expected to release the Central West Orana Strategic Regional Integrated Transport Plan (CWOSRITP) and the Great Western Highway (GWH) Corridor Assessment by mid-2025. A CNSWJO briefing will be scheduled to coincide with the exhibition period, once confirmed. CNSWJO has submitted formal feedback advocating for stronger local input, predictable road funding, betterment investment, and improved multi-modal freight and workforce planning.

## Water

Over the past two decades, the CNSWJO's reputation in both operational and strategic water management has made it the go-to for government and other stakeholders seeking advice on the policy, strategic and regulatory framework for town water.

In 2025, CNSWJO program design and implementation are influencing state policy and program delivery with the design of tools to enable replication of programs elsewhere across the state including across portfolios.

The reputation of the CNSWJO and the Water Utilities Alliance (the Alliance) has led to the adoption of a more flexible partnership approach to funding and program delivery for water loss management (WLM) and water efficiency. This [partnership approach](#) has been adopted more broadly by the NSW Department of Climate Change, Energy, the Environment and Water's (DCCEEW) Water Efficiency Program team. Hopefully, the success of this partnership will see more fit-for-purpose regional program design and rollout and a move to incentivised project funding leveraging the collaborative power of Joint Organisations (JOs) across the water and other portfolios.

With the NSW Water Minister's support for co-design with the Local Water Utility (LWU) sector of the strategic framework for water management, CNSWJO staff, informed by the work of the Alliance, are often called on by DCCEEW and other stakeholders to participate in consultative processes. This includes sitting on DCCEEW's Skills and Training Focus Group and the Western NSW Council Reference Group formed to progress the Productivity and Equality Commission's (PEC) recommendations for Alternative Funding Models for Local Water Utilities. Where water and its management are the subject of ongoing reform, there is also a steady stream of requests for submissions at both the state and federal level.

## Energy

The announcement of JONZA Round 3 has been made (however the formal announcement is under embargo for now) in relation to an 18-month program has been provided internally within the NSW Department of Climate Change, Energy, the Environment and Water (NSW DCCEEW). A list of projects has been suggested for inclusion in the upcoming program, where applications closed on 30 May 2025. CNSWJO applied for this funding to continue the work being undertaken over recent years to support councils in emissions reduction.

### Water Advocacy

The CNSWJO has been working hard on progressing a number of strategic and advocacy priorities, including:

- Alternative Funding Models for Local Water Utilities (LWU)
- Belubula Water Security Project
- Fish River Wywandy Regional Water Strategy
- Macquarie - Castlereagh and Lachlan Regional Water Strategies
- Work with Charles Sturt University on productive water policy
- Local Water Utility Strategic Planning
- Work to validate the State Government's Water Conservation Cost-Benefit Guidelines

Through the strong collaborative relationship built with the Department of Climate Change Energy Environment - Water (DCCEEW) Water Efficiency team, phase two of the Water Loss Management and Efficiency Hub continues to leverage local expertise and the regional potential of Joint Organisations to ensure a fit-for-purpose regional program design and rollout.

An Expression of Interest has been lodged with the NSW Environment Protection Authority (EPA) for an landfill emissions education officer. The opportunity is funding to embed a resource within a Joint Organisation for a period of up to 18 months. This potential project aligns well with the recommendations from the CNSWJO Emissions Reduction Regional Opportunities Report, which is available on request, and also comes as a direct request from a member council for this support.

An opportunity has arisen regarding biodiversity inseting (as opposed to offsetting) with a program recently being announced under the Low Carbon Landscapes grant. Where General Managers received a presentation from NSW DCCEEW's Sustainable Councils at its May meeting, with interest expressed from Orange and Parkes Councils, this grant opportunity aligns well.

Work is near completion on the procurement process for the supply of electricity for small market sites showing good results which will be reported in due course and contracts are yet to be finalised. The Sponsoring General Managers of the energy priority have oversight of this project.

The Essential Energy network price list has recently been released where initial estimates suggest increases of 7-12%. Advice has been sought from Essential Energy in this regard. A report will be provided to GMAC detailing the increases where it will impact every site connected to an electricity meter.

### Value to Council

80% of CNSWJO resources are dedicated to providing its operational support program. For the 2023/2024 year this program delivered a return on investments of 9.3:1 for every dollar Council spends on its membership fees. This value is made up of grant income, monies saved through the CNSWJO procurement program and public relations value from its tourism marketing.

The work the region does in writing submissions, media, supporting projects and project teams, developing collateral and providing opportunities for members in various forums to represent their views is not included in the above figure of 9.3:1 ROI. However, this value is reported quarterly to the Board. Please go to the CNSWJO website to review past [Board agendas](#) or to review last year's [Annual Statement](#).

CNSWJO will be applying for funding under the LGP Capability Fund to facilitate workshops with non-procurement staff on Procurement 101 and also with local suppliers in how to respond to requests for quotations and tenders to ensure they have the best possible chance at winning work.

CNSWJO is leading a project to develop an interactive map to support EV drivers to travel around regional NSW with a focus on increasing spend through spontaneous tourism. Watch this space - a very exciting project!

Congratulations to the 20 staff from 7 councils who have completed the 'Depower and Reinitialise Battery Electric Vehicle (EV) and Hybrid EV' training course which enables them to conduct basic servicing of hybrids and EVs in-house

# 2025 LOCAL ROADS CONGRESS COMMUNIQUE

*Reflect, Rethink, Resolve*

Over 115 delegates, encompassing council executive staff, mayors, and elected council officials gathered with State Government Ministers and Shadow Ministers at NSW Parliament House on 2nd June 2025 to attend the 2025 Local Roads Congress. The discussions and presentations from the Congress inform the advocacy focus of the Roads & Transport Directorate over the next 12 months which is outlined in this communiqué.

## 2025 LOCAL ROADS CONGRESS COMMUNIQUÉ REFLECT, RETHINK, RESOLVE

The NSW Roads and Transport Directorate (RTD), a joint initiative between Local Government NSW (LGNSW) and the NSW Division of the Institute of Public Works Engineering Australasia (IPWEA NSW and ACT), is pleased to present the 2025 Local Roads Congress Communiqué.

Under the theme of 'Reflect, Rethink, Resolve', congress delegates identified the following list of recommendations as key priorities for Local, State and Federal governments to improve the NSW local road network.

### NSW Local Government

The Congress supports a commitment from NSW Local Government to:

- i. Develop and implement integrated network plans for the local road network, aligned to federal, state and regional plans, and considering critical infrastructure, resilience, local transport needs, asset and risk management, road safety, freight and delivery and operational programs.
- ii. Investigate AI technology solutions, as a means of improving the efficiency of road maintenance, road safety and natural disaster assessment activities.
- iii. Develop and align Asset Management Plans and Long-Term Financial Plans that fully incorporate service levels, lifecycle costs, and risk.
- iv. Provide a register of high-risk bridges to the IPWEA (NSW & ACT) Roads and Transport Directorate.
- v. Adopt a holistic approach to local road safety, including integrating road safety considerations into asset and risk management plans, community strategic plans, as well as design standards and specifications.
- vi. Prioritise funding of local road infrastructure to address the current annual shortfall and improve the condition of road assets.

### NSW Government

The Congress calls on the NSW Government to:

- i. Review the Fixing Local Roads Program with an annual allocation aligned to the Roads to Recovery distribution formula to provide greater certainty and allow improved short-medium term infrastructure planning by NSW Local Government.
- ii. Fund an additional round of the Fixing Country Bridges program to support NSW councils in removing the risk of ageing timber bridges on the local road network.
- iii. Explore funding options to support councils in replacing ageing causeways and concrete, steel and composite bridges.
- iv. Review the linkages between council long term financial plans and asset management plans and develop new guidelines to support greater alignment between these plans. This review is to be undertaken by the Office of Local Government, supported by their expert advisory panel.

## 2025 LOCAL ROADS CONGRESS COMMUNIQUÉ

REFLECT, RETHINK, RESOLVE

- v. Ensure council asset managers are represented on the Office of Local Government's expert advisory panel convened to assist in reforming council infrastructure funding.
- vi. Support the implementation of integrated network plans by Local Government which are aligned to federal, state and regional plans, and consider critical infrastructure, resilience, local transport needs, asset and risk management, road safety, freight and delivery and operational programs.
- vii. Provide incentives for local government to adopt AI solutions for road maintenance activities, leading to earlier intervention and an overall improvement in operational efficiency.
- viii. Ensure natural disaster funding arrangements allow resilience improvements to be included as a part of restoration works and provide dedicated funding for proactive betterment works to improve the overall resilience of the network.
- ix. Review the draft road recategorisation framework to ensure that the criteria used for assessment are applicable across all regions of NSW, and ensure councils have a right of refusal to the transfer of state road assets.
- x. Recognise the shared responsibility for road safety by all road authorities in NSW in the review of the NSW Roads Act and provide funding to support local government road safety initiatives, whilst ensuring councils are not exposed to additional liability.
- xi. Provide clearer delegation of authority for NSW councils as part of the Roads Act Review, providing councils greater freedom to make decisions in relation to the roads they manage, such as the reduction of speed limits.
- xii. Collaborate with NSW councils to prepare the local road network for the transition to zero emission vehicles and Connected and Automated Vehicles (CAVs), including support for infrastructure upgrades and ongoing maintenance costs.
- xiii. Urgently address the management and enforcement of e-mobility devices.
- xiv. Strategically deploy state government funding to ensure sustainable resourcing and delivery by councils and to avoid oversaturating the market.
- xv. Legislate the coordination of works between councils and utility providers.

## 2025 LOCAL ROADS CONGRESS COMMUNIQUÉ REFLECT, RETHINK, RESOLVE

### Australian and NSW Government

The Congress calls on the Australian and NSW Governments to work together with NSW Local Governments to address the following:

- i. An increase in base funding support for Local Government to address the current funding shortfall of road assets, and a corresponding reduction in individual competitive grants.
- ii. Develop a proactive long-term strategy to address the skills shortage in Local Government professional engineers and other infrastructure workers, including support for the development of local capacity.
- iii. The NSW Reconstruction Authority (RA) and National Emergency Management Agency (NEMA) to collaborate to streamline natural disaster funding and assessment requirements, including a maximum limit of 6 months to finalise agreements or claims from councils.
- iv. Reduce cost shifting to local governments, particularly those associated with the provision and ongoing care of local road assets servicing large-scale economic generators and state significant developments.
- v. Align grant funding processes to accommodate council timelines and priorities and develop consistent definitions for metropolitan and regional classifications.

### Australian Government

The Congress calls on the Australian Government to:

- i. Increase the annual Roads to Recovery Program allocations to align with the construction cost index and the growth in the road asset base, ensuring funding levels are maintained in real terms.
- ii. Revise the Roads to Recovery funding conditions to include the development of integrated network plans, aligned to federal, state and regional plans, and considering critical infrastructure, resilience, local transport needs, asset and risk management, road safety, freight and delivery and operational programs.
- iii. Ensure the program guidelines for the Safer Local Roads and Infrastructure Program allow for equal consideration of projects proposing to upgrade or replace bridges on the local road network.
- iv. Support collaboration between local councils, universities, and specialist research organisations into innovative technologies and practices to improve the management, resilience and overall condition of local road assets.
- v. Proactively engage with NSW Local Government and the Roads and Transport Directorate in implementing the National Service Level Standards on local roads, particularly in relation to the ongoing review of the NSW Roads Act.
- vi. Increase the Federal Assistance Grants to 1% of Commonwealth Tax Revenue and review the funding allocation.

## SMS COMMUNICATION POLICY

### OPERATIONAL POLICY

**Responsible Department:** Office of the General Manager

**Responsible Section:** Community and Economy

**Responsible Officer:** Department Leader – Community and Economy

---

### Objective

This policy establishes guidelines for the use of Short Message Service (SMS) communication by Cabonne Council to engage with the community and external stakeholders. It ensures SMS is used effectively, responsibly, and in compliance with record keeping and privacy standards.

### Introduction

Cabonne Council is committed to delivering timely, relevant, and accessible communication to its community and stakeholders. As part of this commitment, SMS (Short Message Service) has been identified as a key communication tool to support engagement, service delivery, and emergency response.

This policy provides a structured framework for the responsible and secure use of SMS by authorised Council staff. It ensures that all SMS communications are consistent with Council's values of transparency, accountability, and respect for privacy. The policy also aligns with relevant legislative requirements and Council's broader governance framework, including information security, records management, and ethical conduct.

By clearly defining the appropriate use of SMS, this policy aims to enhance public trust, improve communication efficiency, and ensure that all interactions via SMS are professional, purposeful, and compliant with applicable standards.

The objectives of this policy are:

1. Enhance communication and engagement with the community and stakeholders.
2. Provide timely and relevant information via a convenient and accessible medium.
3. Ensure responsible use of SMS to protect privacy, support transparency, and maintain public trust.

4. Align with local government record keeping requirements and digital security best practices.

## Policy

This policy will:

- **define the appropriate and responsible use of SMS communication** by Council staff to ensure messages are timely, relevant, and aligned with community expectations and legal obligations,
- **outline the rights of community members** to opt in or out of SMS communications and the mechanisms available to raise concerns or complaints regarding misuse or overuse of the service,
- **establish clear responsibilities for Council staff** in managing SMS communications, including content approval, data protection, and record keeping,
- **support the protection of Council staff and systems** by setting boundaries around acceptable public interaction and providing guidance on managing misuse, abuse, or suspected scams, and
- **provide a framework for monitoring, auditing, and continuous improvement** of SMS communication practices to ensure transparency, accountability, and alignment with Council's broader communication strategy.

## Scope of this policy

This policy applies to all Council staff and representatives who use SMS to communicate with community members and external stakeholders, including residents, ratepayers, businesses, and partner organisations.

## Usage guidelines

SMS communication shall be used for:

- Emergency notifications and alerts – this may include water outages, significant road closures or disruptions to the road network, information aligning with emergency services (State Emergency Service alerts).
- If approved by ELT, reminders for Council events, meetings, consultations, and deadlines.
- Updates on Council services, projects, disruptions, and community initiatives.
- Important announcements and community notices.

SMS shall **not** be used for:

- Unsolicited marketing or promotional content.
- Two-way conversation or discussion of complex matters requiring context or documentation.

### **Consent and opt-in/opt-out**

Ratepayers and residents will have to register to receive SMS messages to ensure access to critical and timely information.

All recipients will have the option to opt out of SMS communications at any time via a clear opt-out method included in each message.

Consent will be obtained via forms or Council registration systems, with a targeted communications campaign to encourage residents and ratepayers to register. This campaign will be managed by the Community and Economy Team.

### **Content, Tone and Security**

SMS messages must be clear, concise, professional, and directly relevant to the intended recipient.

Council will never request personal, financial or sensitive information via SMS.

Council will never include clickable links in SMS messages unless the link is to the official Council website, a trusted platform or to Opt-Out.

If a recipient receives an SMS claiming to be from Council but suspects a scam:

- They should not respond or click links.
- They are advised to contact Cabonne Council directly for verification.
- Suspected scams can also be reported to Scamwatch via the “Report a Scam” platform: [www.scamwatch.gov.au](http://www.scamwatch.gov.au).

### **Frequency of Messages**

Council will ensure messages are sent only when necessary and in accordance with communication needs.

SMS frequency will be monitored to avoid excessive contact and minimise recipient fatigue or opt-outs.

All messages will be approved by the General Manager and/or the Executive Leadership Team prior to being sent.

### **Privacy, Security and Data Protection**

All contact data will be managed in line with Council's Privacy Management Plan and relevant privacy legislation.

Access to SMS systems and databases will be restricted to authorised personnel only.

Any data breaches or suspected unauthorised access will be reported and handled in accordance with Council's data protection procedures

All SMS communications and associated data handling must comply with the Council's:

- **Privacy Management Policy** – outlining how personal information is collected, stored, accessed, and disclosed.
- **Records and Information Management Policy** – ensuring all SMS records are captured, retained, and disposed of in accordance with the State Records Act 1998 and Council's Electronic Records Management System (ERMS).
- **Statement of Business Ethics** – reinforcing ethical conduct, confidentiality, and responsible use of Council systems and information.
- **Information Security Policy** – ensuring the confidentiality, integrity, and availability of information assets.

### **Record Keeping**

All SMS messages sent by Council will be captured and stored in line with Cabonne Council's Local Government record keeping policy and State Records Act 1998 (NSW).

SMS communications will be recorded in Council's electronic document and records management system (EDRMS) where appropriate, including:

- The date, time, content, and recipient of the message.
- Purpose of the message and responsible officer (if applicable).
- Monitoring and Review

The Communications team will regularly review SMS communication practices for:

- Compliance with this policy.
- Effectiveness and community feedback.
- Records and audit trails of messages sent.

Reports will be submitted to the Executive Leadership team as required.

### Implementation

This policy will be published internally and externally where appropriate. A supporting Procedure Document will outline operational steps, tools, and compliance practices.

Residents and ratepayers will be invited to register for the SMS system through a targeted campaign.

### Responsibilities

**General Manager:** responsible for the overall control and implementation of the policy. Additionally, the General Manager is:

- responsible for approval of all SMS messages prior to distribution to ensure alignment with Council priorities, tone, and legal obligations (this may be undertaken in consultation with the Deputy General Managers).

### Deputy General Managers

- (If required by General Manager) Approve all SMS messages prior to distribution to ensure alignment with Council priorities, tone, and legal obligations.
- Provide strategic oversight of SMS communication practices and ensure integration with Council's broader communication and engagement strategy.
- Review reports and audits related to SMS usage and compliance.

### Department Leader – Community and Economy

- Oversee the implementation and operational management of this policy.
- Coordinate the preparation, review, and submission of SMS content for Executive approval.
- Ensure authorised staff are trained in SMS platform use, privacy obligations, content standards and security requirements.
- Monitor SMS activity and ensure compliance with Council's policies and legislative requirements.

### Authorised SMS Users (Communications and Marketing Coordinator)

- Draft SMS content in accordance with this policy and submit for approval through General Manager and/or Executive Leadership Team.
- Ensure messages are accurate, professional, and appropriate for the intended audience.

- Maintain records of all communications in the Electronic Document and Records Management System (EDRMS).
- Maintain SMS system.
- Report any suspected misuse, data breaches, or unauthorised access to the Department Leader – Community and Economy and/or Department Leader – Innovation and Technology.

#### **Innovation & Technology Team**

- Manage user access to the SMS platform, including Single Sign-On (SSO) and Multi-Factor Authentication (MFA).
- Ensure the SMS system is secure, monitored, and integrated with Council's IT infrastructure.
- Support investigations into technical issues or suspected security breaches.

### **Definitions**

**SMS (Short Message Service):** A text messaging service component of most telephone, internet, and mobile device systems that allows the exchange of short text messages between fixed line or mobile phone devices.

**Authorised User:** A Council staff member who has been authorised by the General Manager, trained and granted permission to access and use the SMS communication platform.

**EDRMS (Electronic Document and Records Management System):** The official system used by Cabonne Council to manage and store records, including SMS communications.

**Opt-In:** The process by which a recipient voluntarily subscribes to receive SMS communications from Council.

**Opt-Out:** The process by which a recipient can unsubscribe from receiving SMS communications, typically via a link or instruction included in each message.

**SSO (Single Sign-On):** A secure authentication process that allows users to access multiple applications with one set of login credentials.

**MFA (Multi-Factor Authentication):** A security system that requires more than one method of authentication to verify a user's identity.

**Scamwatch:** An Australian Government website run by the Australian Competition and Consumer Commission (ACCC) that provides information to consumers and small businesses about how to recognise, avoid, and report scams.
