Monthly Cabonne Council News

Eugowra Flood Study Questionnaire

Following the devastating flooding that was experienced at Eugowra in November 2022, Cabonne Council has secured funding from the NSW Government to undertake a review and update of the existing flood risk management study and plan for the township.

An important first step in the process is to gather information on recent flood events and to appraise what flood related issues are important to the community.

A Community Questionnaire has been provided to residents and business owners to assist the consultants in gathering this important information.

All information provided will remain confidential and for use in this study only. Please complete the below questionnaire by Friday, 22 December 2023.

To complete the questionnaire, visit <https://www.cabonne.nsw.gov.au/Council/Public-Notices/Eugowra-Flood-Study>

Council Christmas Closure

The Cabonne Council offices will close at 3:00 pm on Friday, 22 December 2023. The offices will reopen at 9:00am Tuesday, 2 January 2024. For emergencies during this time, you can contact Council on (02) 6392 3234.

Sign up to receive updates on the Central West Recovery Package

At the beginning of November the State and Federal governments announced more funding to help the NSW Central West region recover from last year's devastating floods. At the beginning of November the State and Federal governments announced more funding to help the NSW Central West region recover from last year's devastating floods. The NSW Reconstruction Authority is inviting community members to sign up to get the latest information on the recovery program.

Send your contact details (name, email address, phone number and/or postal address) to CentralWest.Recovery@reconstruction.nsw.gov.au and you'll be kept up to date as program information is released.

The NSW Reconstruction Authority is still working through the specific details of the recovery program and will be working closely with local councils across the Cabonne, Forbes, Parkes and Lachlan regions to develop a program that is tailored to the community's needs. This will be informed by consultation with community members, technical advisors and non-government groups across the local area.

Register your details today to receive the updates.
