Council Launches New Booking System

Cabonne Council has announced the launch of its new online platform, 'Bookable'.

Bookable allows people to book one of Council's venues quickly and easily online.

The new platform, which can be found on our website under 'Book a Venue', features a user-friendly design with easy browsing to help the end user explore all the Council venues available for their activity or event.

The Bookable system has been specifically designed for Local Government and is designed to be easy-to-use with each venue including images, descriptions and attributes.

To use Bookable, users must first create a customer account, then begin their booking. Once registered, customers can view and modify bookings, make payments online and update their details.

A user guide has been created to assist the community with how to use the new system. Alternatively, if you need further assistance, you can contact our team at Cabonne Council on 6392 3200 or email bookings@cabonne.nsw.gov.au.

Cabonne Pools

Council operates 7 pools within Cabonne. The season will begin Saturday, 11 November 2023. Opening times are available on Council's website.
